Subject: Recommendation to Purchase Mobile Devices and Carts

Please include a Recommendation to purchase Mobile Devices and Carts on the agenda of the Board of Education, Committee of the Whole Meeting, on May 23, 2016. We would like an opportunity to discuss this recommendation with the Board of Education.

Attached is a memo from Paul Theriault, Owner's Representative, Plante Moran CRESA, along with an Award Recommendation memo from Rob Greager, Project Manager, Barton Malow Technology Services, and a price quote sheet from Netch to support this recommended purchase.

The recommendation is to purchase 3710 Chromebooks, 101 carts, and deployment services for the Chromebooks. The plan shared with and supported by school principals is to allocate 35 carts to our elementary schools, 14 carts to our upper elementary schools, 15 carts to our middle schools and 37 carts to our high schools.

The funds for this purchase are included in the 2013 Bond.

Thank you for your attention to this request.
