Community Education

FLAS COMMUNITY EDUCATION

DECEMBER 2016

SPECIAL POINTS OF INTEREST:

- Winter catalog will be delivered to the community the week of November 28
- A handful of new classes will attract new community members to the CE program
- Community Education is continuing to push social media outreach

Community Education Releases Winter Catalog

Community Education is excited for the release of the 2017 winter catalog. Mindful planning and editing goes into the creation of the catalog to create a wonderful experience for the community.

The catalog cover features two young children laughing and holding hands in the snow. The accompanying tagline “Embrace the season, meet friends and experience something new” pairs perfectly with the image and the spirit of Community Ed.

The back cover features an ad encouraging the community to engage with the district website to find jobs and volunteer opportunities.

Along with a handful of new classes, the catalog now also sports graphics directing viewers to Community Education’s social media pages including Facebook and Twitter.

The program is hoping more social media engagement will create awareness of all the wonderful opportunities Community Ed offers.
