

Board Recommendation Report: 2018-19

SHAC would like to thank the Board for their approval and express our continued support for these developing programs:

* Implementation of a **C-SHAC** pilot program, previously approved by the board. SHAC is hopeful for a secondary Campus - SHAC to be formed next fall.

* SHAC appreciates the continued growth of District Campuses who have implemented **Recess Before Lunch**. SHAC supports the continued expansion of students playing before eating lunch with the hope it becomes standard practice in all ECISD elementary schools.

* SHAC has Hearty appreciation for the **Award-Winning** Human Growth and Development program facilitated by our partners at the Life Center and Texas Tech Medical School.

SHAC is asking for the following recommendations to be considered for the 2019-20 school year:

* Adapt our human growth and development curriculum to be implemented for our high school **SPED Students**, with an in-person parent preview of the curriculum to be offered.

* Offer a one-hour **Trauma-Informed Care Training** for all staff, including custodial and food-service staff, through our guidance counselors.

* Develop a pilot program at one elementary school and one middle school for **Mindfulness Classroom** implementation.

In addition:

SHAC lifts up to the school board the improvements in school safety we have seen this year, including funds spent on 25 **New Police Radios**, 4 additional **AED Defibrillators**, **Tourniquets**, **CELOX Gauze** and **Stop the Bleed Kits**.
