## Students and Parents:

Please take some time to review this handbook carefully. It includes the student policies that have been approved by the Fort Smith Public Schools Board of Education and govern enrollment, attendance, and conduct. You will also find information about academic requirements specified by the Arkansas General Assembly.

Sometimes court decisions, legislation, and district policy changes take place between annual handbook review processes. In the instance of a conflict, court precedent, law, and district policy supersede the handbook. The handbook is now primarily accessed electronically. This provides us with more opportunities to update it throughout the year to ensure that it remains in alignment with the latest changes in law and policy. In addition to the annual process of updating the handbook, it will also be revised and reposted as the Board of Education approves any changes throughout the year. A limited number of paper copies of the latest version of the handbook will continue to be available at each campus.

If you have any questions regarding any of these policies, please contact the principal of your campus or the Executive Director of Student Services.

In compliance with federal nondiscrimination laws the Fort Smith Public Schools do not discriminate in employment and education practices relative to race or national origin (Title VI of the Civil Rights Act of 1964), disability (Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act), sex (Title IX of the Education Amendments of 1972), age (The Age Discrimination Act of 1975) or genetic information (Title II of the Genetic Information Nondiscrimination Act of 2008). The coordinator and contact person for all the above civil rights areas is the Assistant Superintendent for Human Resources and Campus Support, Fort Smith Public Schools, P.O. Box 1948, Fort Smith, AR 72902-1948, phone, (479) 785-2501.

## INTRODUCTION

Discipline, attendance, and effort form the foundation of successful learning and teaching. Students and parents must have a clear understanding of school operations, and educators must clearly communicate expectations for satisfactory performance.

With this goal as its primary focus, the Fort Smith Public Schools Handbook Revision Committee, comprised of students, parents, teachers, assistant principals, and other administrators and community representatives, has reviewed the Fort Smith Public Schools Student Handbook. The committee has worked diligently to ensure that this discipline code complies with appropriate federal and state statutes and that the discipline code complies with the community's belief in a positive learning environment. Recommendations for changes in these policies may be submitted in writing to the Executive Director of Student Services by the last Monday in March each year. Those recommendations will be presented to the committee for their consideration. Parents, students, and educators form a partnership that contributes to each student's academic achievement by establishing, communicating, and applying fair and consistent discipline policies. In fact, the hallmark of disciplinary policies is fairness. Both faculty members and administrators attempt to resolve problems and reinforce successes through the cooperative efforts of district resources and parents or guardians. Students and their parents receive copies of this handbook so that positive expectations for student conduct are communicated clearly. A variety of methods may be used to adequately and effectively address violations of this code. These intervention methods may include conferences with parents, verbal or written warnings, detention, suspension, expulsion, counseling, training in conflict resolution, or placement in an alternative learning environment.

The items in this Student Handbook are applicable to all schools in the Fort Smith Public Schools. Each individual school may adopt additional guidelines so long as they are not in conflict with these provisions.

This document attempts to balance the rights of students with the responsibility of educators to maintain a safe and orderly school environment, essentially to form a community whose goal is to increase both knowledge and performance both as learners and as citizens.

***This handbook was adopted by the FSPS Board of Education 6/19/2023.***

SUBJECT: *SEXUAL HARASSMENT* OF STUDENTS OR STAFF MEMBERS

1. It is the policy of the School District to maintain a learning and working environment that is free from sexual harassment. Sexual harassment is deemed unacceptable conduct in the educational and employment environment and will not be tolerated. Sexual harassment is against the law. All principals and supervisors within this District are responsible for ensuring that all personnel (students and staff members) are afforded the opportunity to work and study in an environment free from sexual harassment. I expect all principals, supervisors, and staff members to actively support this policy and will hold them accountable for ensuring that sexual harassment is not tolerated and for reporting alleged incidents to appropriate supervisors.
2. Sexual harassment is defined as unwelcome or unwanted sexual advances, requests for sexual favors, and other inappropriate oral, written, or graphic communications, or physical conduct of a sexual nature, occurring on school property or at a school-sponsored event, when:
  - A. Submission to that conduct is explicitly made a condition of the individual's employment or education; or
  - B. Such conduct has the purpose or effect of substantially and unreasonably interfering with the individual's employment or education by creating an intimidating, hostile or offensive environment; or
3. Conduct that is not sexual in nature, but engaged in because of the victim's gender can be sexual harassment and will not be tolerated.
4. Sexual harassment is unacceptable behavior and will not be allowed. Sexual harassment will be actively opposed and will not be condoned within this School District. It is no defense to a claim of sexual harassment that the alleged harasser did not intend to harass. The School District Sexual Harassment Complaint Resolution Procedure may be utilized if a complaint is filed.
5. Any employee who becomes aware of possible sexual harassment must as a condition of continued employment report the incident. The District will promptly and thoroughly investigate all complaints. Staff and students can raise concerns and make reports without fear of retaliation. Complaints may be made to the employee's supervisor, the student's principal or to the:

**Student Handbook**  
**Approved June 19, 2023**

**I. ATTENDANCE POLICIES**

**A. Eligibility for Enrollment**

Non-resident students may attend Fort Smith Public Schools only by means of an approved application under the Public School Choice Act of 2015 (ACA 6-18-1901 et seq.), a tuition agreement between districts, or by means of a Student Legal Transfer.

School Choice applications must be submitted to the Department of Student Services. The transfer application must be postmarked, emailed, or hand delivered on or before between January 1 and May 1 of the year preceding the fall semester the applicant would begin in the district. By July 1, the Superintendent, or designee, shall notify the parent and the students resident district, in writing, of the decision to accept or reject the application. Students approved for attendance in the District will be assigned, based on guidelines developed by the school administration, to a school for attendance purposes.

Student Legal Transfers require completion of a “Petition for Transfer of Students” form published by the Arkansas Department of Elementary and Secondary Education. Submission of the completed petition must be made to the Executive Director of Student Services. Transfer applications shall be placed on the Board’s next meeting agenda. The District shall review and accept or reject requests for transfers, into the District, on a case-by-case basis. Approved requests shall take effect following Board action taken on the requests.

School Choice and Legal Transfers may be limited to schools with sufficient capacity. Schools available for these transfers will be determined by the district administration.

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school.

The parent, legal guardian, or person standing in loco parentis to the student who submitted a transfer application that was rejected may appeal the decision of the Board to the State Board of Education.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person’s expulsion has expired following the hearing before the Board.

    - ii. Families living in a situation where tax statements and utilities are in another's name (residence provider) may provide a signed written statement from the residence provider attesting the family living at the provided address and a copy of the photo ID of the person providing the letter, along with a utility bill in the name of the residence provider. In addition, the guardian or parent of the student will need to complete and sign a Resident Statement affidavit in the Student Services Office where it will be notarized for the parent swearing the claimed address.
    - iii. Home purchase contract including specified closing date with a copy of the deed to be provided within 90 days.
    - iv. An independent investigation may be made to confirm or deny the verification of any claimed address when seen as needed by school administrators.

Upon an international exchange student's arrival, the international exchange student may be required to submit to quarantine to prevent the spread of infectious diseases as may be necessary, which shall not exceed seven (7) days unless otherwise recommended by the Arkansas Department of Health or the Centers for Disease Control and Prevention.

### **D. The McKinney-Vento Homeless Program and Foster Care Students**

The McKinney-Vento Homeless Program helps remove barriers to learning for students experiencing homelessness or placement in foster care. The term “homeless children and youth” means individuals who lack a fixed, regular, adequate nighttime residence. In an effort to identify and assist students experiencing homelessness, the District provides liaisons at both the building and district level. The liaisons are tasked with administering the regulations and procedures as outlined in the McKinney- Vento Act while complying with the provisions of the Fort Smith Public Schools Homeless Education Program. Enrollment requirement exceptions for homeless and foster care youth are listed above in “B, 1. Enrollment documentation”.

1. Transportation of Homeless and Foster Care Students – Under the “Every Student Succeeds Act of 2015” students awaiting foster care placement and students in actual foster care are eligible for the same transportation services as students designated as “homeless.” Such services will be comparable to those provided for non-homeless students.

Fort Smith Public Schools acknowledges that the responsibility for transporting children to and from school belongs to the parent. However, due to the size of the district, the student population, and the locations of various programs and schools, it is the policy of the Fort Smith Public Schools to provide transportation exceptions if a student meets at least one of the following conditions:

- a. A student attending his/her home school lives outside a two-mile radius of his/her school,
  - b. A student who cannot attend his/her home school due to overcrowding. He/She will be transferred and bussed from their home school to a school that has space available at his/her grade level,
  - c. Special needs students, with a qualifying disability, may be picked up at home, at a neighborhood school, or at a bus stop near their home,
  - d. School to school program transfers for some secondary classes that are provided at locations other than the home school.
2. FSPS Transportation Policy for Homeless and Foster Care Students - Homeless and Foster Care Students, (HFCS), who wish to attend a school outside their school of location may do so, if it is determined by the parents, the school administration, and the local welfare agency, in the case of foster care students, to be in the best interest of the child.

For the purposes of school transportation, Homeless and Foster Care Students (HFCS) will be considered “at-large students” eligible to ride to and/or from any bus stop that serves their school of choice. (Comparable Service)\*

If the school of choice is within a two-mile radius of their residence, then no bus transportation will be provided. (Comparable Service)\*

However, if any school within that two-mile radius has a bus route that connects to their school of choice, the HFCS may ride that bus from that school to their school of choice. This is an additional service that is provided to HFCS and this option is not available to other students and parents. (Additional Service)\*\*

If the school of choice or a connecting school is outside a two-mile radius of their residence, then FSPS will make arrangements for that student to be transported from a bus stop or a neighborhood school, to the school of choice. Parents should be aware that this option may require earlier pick up or/ later drop off times and possibly one or more bus transfers to get the students to their destination.

(Additional Service)\*\* Students in foster care or awaiting foster care are eligible for these same transportation services if requested by the local welfare agency. However, in order to account, control, and share transportation costs, a completed registration form, along with documentation from the Department of Human Services of each qualifying student’s status (only those students requesting bus

transportation), must be made and provided to the District each school year. The registration form and documentation letter should be submitted to the FSPS Homeless Liaison by September 15th of each year; who will then forward copies to the FSPS Student Services Office and the FSPS Transportation Office by October 1st of each year. If HFCS are being transported between neighboring school districts, then both districts share the responsibility and the costs of arranging transportation details. The cost for any additional services for foster students, such as those listed above, will be the responsibility of the local welfare agency, as stated under the provisions of the law.\*\*

\*Paragraph 3; Sect. A –Transportation Services – 42 U.S.C. 11432(g)(4) Comparable Services

\*\* The Every Student Succeeds Act of 2015 and Amendments on Foster Care in Title 1 Part-A of the Elementary and Secondary Education Act.

## **E. Student Classroom Assignments - Multiple Birth Siblings**

Classroom assignments are made by the school principal or designee. The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 5 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14<sup>th</sup> calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one (1) parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one (1) or more of the multiple birth siblings if:

- There has been a minimum of thirty (30) instructional days since the start of the school year: and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
  - a. Detrimental to the educational achievement of one (1) or more of the siblings;
  - b. Disruptive to the siblings' assigned classroom learning environment; or
  - c. Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Director of Elementary Education. The decision of the Director of Elementary Education regarding the appeal is final.

## **F. Compulsory School Attendance**

Arkansas Code 6-18-201, amended, mandates as follows:

Every parent, guardian or other person residing within the State of Arkansas having custody or charge of any child or children age five (5) through seventeen (17) years on or before August 1 of that year, both inclusive, shall enroll and send the child or children to a public, private or parochial school, or provide a home school for the child or children as described in 6-15-501 et seq. Under such penalty for

noncompliance as shall be set by law with the following exceptions:

Any student who has received a high school diploma, or its equivalent as determined by the State Board of Education, is not subject to this attendance requirement.

Students may enter kindergarten in the public schools of this state if they will attain the age of five (5) years on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or approved kindergarten program in another state or country for at least sixty (60) days, who will become five (5) years old during the year in which he or she is enrolled in kindergarten and who meets the basic residency requirement for school attendance, may be enrolled in kindergarten upon written request to the School District.

Any parent, guardian or other person residing within the state and having custody or charge of any child or children may elect for the child or children not to attend kindergarten if the child or children will not be age six (6) on September 15 of that particular school year. If such an election is made, the parent, guardian or other person having custody or charge of the child must file a signed Kindergarten waiver form with the local district administrative office. Such form shall be prescribed by regulation of the State Department of Education. Upon filing the Kindergarten waiver form, the child or children shall not be required to attend kindergarten in that school year.

Any child age sixteen (16) or above enrolled in a post-secondary vocational-technical institution, a community college or a two-year or four-year institution of higher education is not subject to the attendance requirement.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the District and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter the first grade in the public schools of this state if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in this state.

Parents electing to waive the kindergarten requirement must file a kindergarten waiver with the Superintendent of Schools or the District's Executive Director of Student Services.

The Fort Smith School District recognizes its responsibility to meet the legal requirements as set forth by state law regarding attendance, curriculum, and the general welfare of the student.

Students within the compulsory attendance age, as defined above, and not yet eighteen (18) years of age shall not be dropped from the roll of any school unless they have:

- A. Moved from the Fort Smith Public School District.

## **G. Guidelines for Excused and Unexcused Absences**

The Board of Education of the Fort Smith School District recognizes that prompt, regular attendance in school is extremely important. Excessive absenteeism not only adversely affects the learning process of students but may impede the normal progression of a student through the grades. The Board expects each student to attend all scheduled classes and daily activities except when a student has been excused by the principal or principal's designee. Students who report to school but fail to attend all scheduled classes and activities, except where officially excused, are contributing to the potential disruption of the instructional program. A parent/guardian or persons in *loco parentis* have the responsibility to require of his/her students prompt, regular school attendance. A parent/guardian should be familiar with the educational program of the school and rules regarding attendance and student behavior. Unless a student has an excused absence from school, he/she should be in attendance. Excessive absences may result in a denial of promotion or graduation (ACA 6-18-222). Excessive unexcused absences may result in the filing of a Family in Need of Services (FINS) petition with the juvenile court.

### **ATTENDANCE**

Types of absences: Excused, Parental Permission, and Unexcused

### **VIRTUAL SCHOOL ATTENDANCE**

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District students attending courses in person. Absences for students enrolled in a combination of synchronous and asynchronous learning at grades K-12 shall be determined by attendance during mandatory live instruction as specified in virtual student contract and schedule. Students who are scheduled to have a dedicated period for a synchronous course may be considered truant under district policy for failure to be physically where they are assigned to be but would not be considered absent for the digital course itself if the student satisfies the attendance requirements for the asynchronous digital course.

Excused and unexcused absences will be defined the same for virtual school students as for traditionally enrolled students. Excused and unexcused absences are described above under the headings: “Excused Absences” and “Unexcused Absences”.

### **FSPS Virtual School Attendance Accounting**

- FSPS students who choose to participate in their instruction virtually from home will have attendance based upon participation in live lessons and/or the successful completion of assigned coursework.
- Attendance Requirements
  - Students are required to participate in core class instruction meetings held online. Failure to attend Live Sessions will initially be recorded as an unexcused absence until documentation excusing absence is submitted.
  - Students are required to participate in any small group meetings held online. However, if a student demonstrates mastery of assignment and assessments and does not attend small group meetings, an absence will not be recorded.
  - Students are required to complete all assigned coursework, tasks and/or assignments on asynchronous learning days. Failure to satisfactorily complete all assignments for the class will be recorded as an unexcused absence until documentation excusing absence is submitted.
  - Students are required to complete all assigned assessments, whether teacher, district, or state required. Failure to satisfactorily complete an assigned assessment will be recorded as an unexcused absence until documentation excusing absence is submitted.
- For clarification, an excused absence adheres to the same policy documenting excused absences for in person student attendance as outlined below.
- The school will address the lack of attendance in the following manner:
  - When a student accumulates one or more unexcused absences in one week, the virtual student’s classroom teacher calls/emails to check on the student.
  - When the student accumulates three unexcused absences, the virtual student’s classroom teacher attempts another phone call home.
  - When the student accumulates five unexcused absences, the virtual student’s teacher alerts the principal and school counselor. The building principal, or their designee, calls home.
  - When the student accumulates seven, unexcused absences, district representative(s) will

make a home visit. Regardless of whether the home visit personnel successfully talks to the student's parent or guardian, a certified letter is sent to the home. Students who continue to experience unexcused absences will be dropped from virtual instruction and reinstated in physical classes. If the student does not return to physical classes by the 3rd day after the certified letter was delivered, the school will file a FINS based on failure to comply with the compulsory attendance statute.

- Building/district administrators have the authority to modify these procedures due to extenuating circumstances.
  - Unexcused absences do not have to be assigned consecutively for school action, as outlined above to take place.
  - Students with ten (10) consecutive unexcused absences shall be dropped on the eleventh (11) unexcused day and removed from the Virtual Learning platform. Students will be expected to re-enroll in person learning upon return. A.C.A § 6-18-213.

A written statement presented or uploaded for an absence having occurred more than five (5) school days prior to its presentation or upload will not be accepted.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

An excused absence shall afford the student the privilege of making up all assignments and/or class activities as the teachers direct.

2. Parental Permission

- a. Parental permission may be granted for any reason, including personal illness without written verification, provided the parent has contacted the attendance office, by note or phone call, the day the absence occurs.

No more than five (5) of either a.m. or p.m. absences will be excused as parental permission

## **B. PARENT/GUARDIAN CONTACT**

The parent/guardian should contact the school by 9:00 a.m. any day that a student will be absent. In addition to assisting the school with the attendance record, parent/guardian notification to the school is a security measure to verify the locations of all students.

Upon the 5th unexcused absence in any semester a letter will be sent to the parent/guardian notifying him/her that upon the 10th unexcused absence of the same semester the student may be denied promotion or credit. Before a student accumulates the 10th day of unexcused absence for the semester the student, the student's parents, or guardian, may petition the school principal for a conference to address the student's absences (Act 1223 of 2011).

Exceptions to this rule will be made in accordance with the student's IEP or 504 plans.

Students with long-term, medically documented illness or injury may be allowed to make up work and may be given assistance in obtaining credit for courses in which they are enrolled.

## **C. LEGAL NOTIFICATION**

Upon notification by the School District that a student of mandatory school age is no longer attending school or has 10 consecutive absences in any class, the County Prosecuting Attorney or City Prosecuting Attorney will be notified that the student is no longer attending school. Students with unexcused absences in excess of 10 total days in any one semester may be considered delinquent, and appropriate notification to the County Prosecuting Attorney or City Prosecuting Attorney may be made subject to the directions of the Superintendent or his/her designee.

The Fort Smith School District shall notify the Arkansas Department of Finance and Administration whenever a student 14 years of age or older is no longer attending school, and the Department of Finance and Administration shall suspend the student's learner permit or driver's license until the student re-enrolls and is successfully attending school.

Credit may be denied to a student Grades 9–12 enrolled in credit courses when a student has more than 15 days of total absence in a semester.

## **E. DENIAL OF PROMOTION**

Excessive absences (15 days per semester) may be a basis for denial for promotion or graduation. Before a student reaches 15 days of absence in a semester, the parent or guardian may petition the principal for a conference to address the student's absences. The plan to address the absence problem will be formalized into a written agreement to include the conditions of the agreement and the consequences for failing to fulfill the requirements of the agreement.

## F. GRADING

A student who is absent from any given class will be permitted to make up major tests and major assignments if the student has an excused absence. The student must make arrangements with the teacher(s) on the first day the student returns to class to complete work missed because of an excused absence. A student will be given an "O" or "F" if the assignment(s) missed is the result of "unexcused" absence.

## II. CHILD CUSTODY SITUATIONS

- A. The parent or guardian shall provide authorization, by note or phone call, for other persons to take a child from school during the school day.

- E. Parents or guardian will not be notified when law enforcement or social service officials or designated employees of the Department of Human Services ask to interview a student about suspected neglect or abuse in the student's family. A school official shall be present during the interview. The school official delegated to be present should be the person with whom the student will be most at ease and least threatened.
- F. Any agency other than law enforcement agencies or the Department of Human Services must have a written administrative or court order directing the school district to give custody to that agency. Parents should be notified as soon as possible.

2. Parents should not send a student to school who has a fever of 100 degrees or greater. The student should remain at home until free of fever, without the use of fever reducing medication, for 24 hours. Most fever is lowest in the morning, rises in the afternoon, and is highest in the evening.
3. Due to the possibility of choking, no hard candy will be allowed in school.

#### **B. Communicable Diseases and Parasites**

1. Students with communicable diseases that could be transmitted in a school environment should not attend school to diminish the spread of their condition to others. Students whom the school nurse (or his/her designee) determines are unwell for school attendance or who are believed to have a communicable disease will be required to be picked up by their parent or guardian.

Examples include but are not limited to: vomiting two or more times, multiple watery loose stools, fever greater than 100 degrees, or an undiagnosed rash or skin change. A student who has been sent home under this policy will subsequently be readmitted, at the discretion of the school nurse (or his/her designee), when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

2. When a student is found to have lice, the student will be sent home for treatment that day. The parent will treat the child and return the child to school the same day or the following day.
  - a. Students returning to school after being sent home with lice must be accompanied by their parent/guardian. The student will be checked for lice prior to returning to class.
  - b. Siblings of the student will be checked by the teacher, school nurse, or the principal's designee.
  - c. Depending on the severity of the lice problem, the principal, in consultation with the school nurse, may decide it is necessary to check an entire classroom or group of classrooms as well as the siblings of an affected student. All notifications will respect the privacy and confidentiality of the affected student.
  - d. The principal or his/her designee will notify parents of children in an affected classroom of the problem when
    - i. Three or more children are found to have lice within a two week period in classrooms with more than 15 students, or
    - ii. There is one case of lice in a classroom of 15 or fewer students.

- e. The principal or his/her designee shall notify the bus driver and/or the transportation department if the student is transported.
3. Students with suspected scabies must be seen by a health care provider for diagnosis and/ or treatment. A letter from the health care provider may be required prior to the student being readmitted to school.
4. Students with evidence of bed bug bites require no treatment. Bed bugs are not known to spread diseases. (CDC – Jan. 10, 2013)

### **C. Medication Policy**

Medications are generally administered by an Unlicensed Assistive Personnel under the supervision or direction of a school nurse. Medications are given at school as a courtesy to parents. Medications not necessary for attendance may be refused and some prescribed medications may be refused at the nurse's discretion due to safety issues. The following requirements are to be met before medication is administered at school:

1. All medications must be stored and administered from the original containers with the most current, dated labels. The student's name must be on the prescription label. The medication label is not to be changed in any way. (Name of child, dosage, and time given.) Parents are responsible for getting the medications to and from school. Upon receipt at school, medications will be counted and documented on the Medication Tracking Form, in the presence of the parent. Both the parent and the nurse or UAP will sign the Tracking Form to verify medication quantity. An appointment with the nurse is required to assure the nurse is available to receive medication.
2. A parent must sign medication forms giving school personnel permission for administering medications to their child. The dosage on the medication container and the dosage on the medication permission form must be identical.
3. No medication will be given unless it is specifically ordered by the child's physician to be given during school hours. Medication ordered to be given 1, 2, or 3 times a day will be given at home unless specifically ordered to be given during the school day.

6. For Positive Attitude Renewal (PAR), medication(s) will be transported by the parent, for administration during the school day. The parent will be responsible for transporting the medication(s) back to the home school. The home school will be responsible for faxing the

supporting documentation to the PAR school nurse.

7. For Field Trips, controlled substances will only be sent for administration if a nurse is attending the field trip. Medications should be counted before being taken from the school and then counted again on return to provide accountability for controlled substances. Administration of medication should be documented on the Medication Administration Record. Inhalers and Epi-Pens may be sent with the teacher on the field trip for use while away from school. Those medications will also be signed out on the Medication Tracking Sheet and signed back in when returned to school.

11. Due to the possibility of choking hazards, no cough drops, throat lozenges, or medicated suckers will be given at school.
12. Narcotic medications such as cough syrups with codeine and pain medications will not be given at school. With a written doctor's order, non-aspirin products may be given for pain management. The doctor's order must be for a specified and appropriate length of time.
13. Stock Narcan (Naloxone HCL) may be kept for treatment of suspected opioid overdose. See Narcan protocol.
14. All medications should be kept in a locking cabinet in the office to be administered by the Unlicensed Assistive Personnel or School Nurse. Controlled substances should be kept in a double locking cabinet and counted once a month, and as needed. This count should be documented on the Medication Administration Tracking sheet and monthly report form maintained in the central nursing office with discrepancies noted and reported to the Lead Nurse and Fort Smith Police Department, if deemed necessary. Only the licensed nurse will administer controlled substances at school.
15. With written permission from the parent/guardian, inhalers and epi-pens may be sent home with the students at the parent's request or at the end of the school year. Controlled substances must be picked up by the parent at the end of the school year. Any controlled substances remaining on the last day of school will be sent to the Fort Smith Police Department for destruction.

16. Students may possess and use a topical sunscreen that is approved by the United States Food and Drug Administration for OTC use to avoid overexposure to sun without written authorization from a parent, legal guardian, or healthcare professional while the student is on school property or at a school-related event or activity.

A medical professional's [medical doctor, advanced practiced nurse, doctor of osteopathy, or physician assistant] history of disease may be accepted in lieu of receiving Varicella vaccine. No self or parental history of varicella disease will be accepted. Exception: If a student has previously received two doses of measles, one dose of mumps, and one dose of rubella before January 1, 2010 the doses will be accepted as compliant to immunization requirements and 2 MMR's are not required.

- K. Every child must have received all of the vaccines, or show proof that they have a letter from the Arkansas Department of Health approving serology as proof of immunity in order to continue attendance in a public or private school.
  
- L. A facility may temporarily admit a child provided that the child becomes appropriately immunized, is in process of receiving the needed doses of vaccine, or shows proof that he or she has applied for an exemption for those vaccines he or she has not received within thirty (30) program days after the child's original admission. In process may only be verified with a paper copy of a scheduled appointment from a health care provider who will administer the needed immunizations. Any student without all required immunizations (or approved serology) may be excluded from school in the event his or her health is jeopardized by a communicable disease outbreak.
  
- M. School officials are required to evaluate the immunization status of all children in their facilities.

**N. Student Well-Being: Emotional**

Fostering the health and well-being of all students in a nurturing and respectful learning community is fundamentally important. Fort Smith Public Schools use research based education Social Emotional Learning (SEL) curriculums coupled with research based suicide prevention curriculums and suicide prevention administrative protocols to create a comprehensive K-12 network of growth and support.

- School counselors and administrators serve as a point of contact for students/families in crisis. These school leaders will refer the student and their family to appropriate resources.
  
- When a student exhibits signs of potential concern for safety, the student will be referred to a school counselor or administrator who will work with the student and, if warranted, help connect them and their parents or guardians with appropriate resources.
  
- Students have access to resources which they can use to contact additional support through the counseling link within the Fort Smith Public Schools' website such as:

*The National Suicide Prevention Lifeline*

*Call 988\_or text HOME to 741741*

[www.suicidepreventionlifeline.org](http://www.suicidepreventionlifeline.org)

*FSPS Safe School Helpline*

- All students are encouraged to tell a teacher, counselor, administrator, or any adult if they, or a peer, are feeling suicidal or in need of help.
- Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.

**O. Kindergarten Physicals**

All enrolling Kindergarten students must furnish evidence of a physical performed within the last 2 years administered by a licensed physician or a registered nurse qualified to conduct screening examinations. (ACA 6-15-202 and ACA 6-18-701)

The intent is to detect defects in hearing and vision which may adversely affect the student's ability to achieve his/her potential. If a student fails the screening, a rescreening will be done. If the student fails the second screening, the parent/guardian will be notified of the possible need for further evaluation.

(ACA 20-15-801 & ACA 20-15-803)

#### IV. NUTRITIONAL GUIDELINES

The Arkansas Department of Elementary and Secondary Education has enacted rules related to nutrition standards for Arkansas Public Schools. These rules limit the availability of certain foods and practices on school campus during the school day.

##### PROHIBITED PRACTICES:

- A. Elementary Schools may not serve or provide access to food other than meals provided by the school-lunch program.
- B. Secondary Schools may not serve or provide access to food other than meals provided by the school lunch program until thirty minutes after the last lunch period. (Current beverage vending contracts are exempt to this rule.)
- C. Schools may not use food as a reward.
- D. Schools are limited in the sale of extra food to students; extra foods that may be purchased include: milk, fresh fruit, vegetables or a complete extra meal.
- E. Schools may not sell or give away extra servings of dessert, French- fries and/or ice cream.
- F. **Parents may not provide food/beverage items to other children at school.** This means that it is not permissible for parents to provide birthday or other treats for their children's classroom.

##### ALLOWABLE PRACTICES:

- A. Schools can provide snacks in pre-K and in Kindergarten as long as the snacks meet nutrition guidelines.
- B. **Parents have the right to provide any food or beverage they desire for their child only.**
- C. Food can be used during a lesson when it has an instructional purpose and value; for example, using cubes of cheese to teach fractions.
- D. Schools may provide any food and/or beverages for up to nine different school events each year as determined and approved by school officials. All food and beverages served during the "9 Special Event Days" must be commercially prepared and packaged by establishments subjected to Arkansas Department of Health Food Establishment Rules and Regulations (homemade foods and foods prepared by parents are prohibited).

Note: The nutrition guidelines do not apply to students with special needs when indicated in the student's IEP. Nor do these guidelines apply to school nurses when providing health care to students.

You may contact the school office or access the Arkansas Department of Elementary and Secondary Education website at <http://www.arkansased.gov/divisions/child-nutrition-unit/guidance> for a complete set of the rules related to nutrition standards.

### **Special Dietary Needs/Food Substitutions**

Students with special dietary needs will be accommodated based on a physician's diet prescription. Food substitutions are available for medical reasons only. If school menus fail to offer choices consistent with personal dietary preferences, parents should assume responsibility for preparing the student's meals.

Special dietary needs forms are available at school offices and on the Child Nutrition Department web site at [www.fortsmithschools.org](http://www.fortsmithschools.org)

### **Meal Accounts and Refunds**

Meal accounts can be managed with a convenient, secure Titan meal payment account.

To open a meal payment account from the Fort Smith Public Schools web site, choose the School Menus tab on the right, then click on the Titan logo. After registering, choose Link Student, then provide your child's name, date of birth, school and grade. The final step is to fund the account.

Meal accounts have a \$10.00 credit limit. Account balances at the end of the school year will be carried forward to the next school year. Account refunds are available to seniors and students no longer enrolled at FSPS.

Free or reduced price meal applications are always available in the school office.

## **V. PARENTAL INVOLVEMENT (ACA 6-15-1702)**

The District acknowledges that parents play an integral role in assisting student learning and that the parent is a full partner in the decisions that affect his or her child and family. Each public school district and each public school within its boundaries, in collaboration with parents, will establish a parental involvement plan, including programs and practices that enhance parental involvement and reflect the specific needs of students and their families.

The parental involvement program in each school will involve parents of students at all grade levels in a variety of roles, be comprehensive and coordinated in nature, and recognize that communication between home and school should be regular, two-way, and meaningful. To encourage communication with parents, the school shall prepare an informational packet to be distributed annually to the parent of each child in the school, appropriate for the age and grade of the child. The school may plan and engage in other activities determined by the school to be beneficial to encourage communication with parents. The school will make efforts to promote and support responsible parenting.

Parents who have concerns about the school and/or their student's education should conference with the classroom teacher to try to address solutions. If a solution is not forthcoming, the parent should conference with the building principal or assistant principal to work toward a solution.

The Board of Education believes that all students benefit when the relationship between the home and school is strengthened. Therefore, the Board encourages families to participate in PTA activities and other school functions that strengthen those bonds.

If you have questions regarding the professional qualifications of your child's teachers or paraprofessionals, you are encouraged to ask the Assistant Superintendent for Human Resources and Campus Support.

Le invitamos a que hable con la si usted tiene alguna pregunta sobre las capacitaciones profesionales de los maestros o asistentes de maestros de sus hijos.

## **V. Participación de los Padres de Familia (ACA 6-15-1702)**

El Distrito reconoce que los padres de familia tienen un papel fundamental apoyando el aprendizaje de los estudiantes y que ellos participan de forma equitativa en las decisiones que afectan a sus hijos y a su familia. Cada distrito escolar y cada escuela pública dentro de su zona, en asociación con los padres, establecerán un plan de participación de padres de familia, incluyendo programas y prácticas que fortalezcan su participación y reflejen las necesidades específicas de los estudiantes y sus familias.

El programa para la participación de padres de familia en cada escuela involucrará a los padres de los estudiantes de todos los grados en una variedad de capacidades, será integrado y coordinado y reconocerá que la comunicación entre el hogar y la escuela debe ser regular, bidireccional y significativa. Para fomentar la comunicación con los padres, la escuela debe preparar un paquete informativo para distribuir anualmente a los padres de cada niño en la escuela, el cual será apropiado según la edad y el grado del niño. La escuela pueda planear y realizar otras actividades que hayan sido determinadas beneficiosas para fomentar la comunicación con padres. La escuela intentará promocionar y apoyar la crianza responsable de los niños.

Los padres que tengan preocupaciones sobre la escuela y/o la educación de su estudiante deben pedir una conferencia con el maestro de la clase para intentar encontrar soluciones. Si no se encuentra una solución, los padres deben tener una conferencia con el director de la escuela o con el asistente del director para trabajar en una solución.

El Consejo Directivo de Educación cree que todos los estudiantes se benefician cuando la relación entre el hogar y la escuela es fortalecida. Por lo tanto, la Junta Directiva de Educación exhorta a todas las familias a participar en las actividades de la Asociación de Padres y Maestros (PTA por sus siglas en inglés) y otros eventos escolares que fortalecen esos vínculos.

Si usted tiene preguntas con respecto a las calificaciones profesionales de los maestros o paraprofesionales de su hijo, debe comunicarse con el Asistente del Superintendente del Departamento de Recursos Humanos y Servicios de Apoyo.

Khu Học Chính công nhận rằng phụ huynh giữ vai trò toàn yếu trong việc trợ giúp học sinh học hỏi và phụ huynh là một người hoàn toàn có các quyết định ảnh hưởng đến con em và gia đình của họ. Mỗi khu học chính công cộng và mỗi trường học công lập trong phạm vi của trường; cùng với sự cộng tác của phụ huynh, sẽ thiết lập một kế hoạch về việc tham gia của phụ huynh, bao gồm các chương trình và hoạt động làm tăng cường việc tham gia của phụ huynh và phản ánh những nhu cầu rõ ràng của học sinh và gia đình các em.

Để khuyến khích việc liên lạc với phụ huynh, nhà trường sẽ sửa soạn một bịch giấy thông tin để phân phát mỗi năm cho phụ huynh của mỗi học sinh, thông tin này thích hợp với lứa tuổi và lớp học của đứa trẻ. Nhà trường có thể dự định và đặt để các chương trình khác nhau tùy theo quyết định của trường mà ích lợi trong việc khuyến khích việc liên lạc với phụ huynh. Nhà trường sẽ cố gắng thúc đẩy và hỗ trợ việc làm cha mẹ (dạy dỗ) có trách nhiệm.

## **VI. ACADEMIC POLICIES**

### **A. Grading System**

The issuance of grades on a regular basis serves to promote a process of continuous evaluation of student performance to inform the student, his or her parent/guardian and counselor of progress toward established educational goals.

Letter grades will be used to denote academic achievement except at kindergarten where a check mark system will be employed. At Grades 1-12, the letters “A, B, C, D, and F” will be used according to the following numerical percentage equivalents:

A = 90-100      B = 80-89      C = 70-79      D = 60-69      F = 0-59

These grade assignment standards shall be used in all regular classes in all District schools. Special symbols and terms appropriate to special programs may be used to indicate student progress. Exceptional students shall be graded in accordance with their Individualized Education Program and current guidelines.

Permanent grades will be issued on a yearly basis at the elementary level and on a semester basis at the secondary level. Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course. Grades that reflect other educational objectives may also be given.

Student progress is reported to parent/guardian 4 times each year. These reports are distributed a few days after the close of each 9-week period. Supplementary notes of commendation, suggestions for improvement, parental conferences, meetings and similar means of keeping in touch with a parent/guardian are emphasized.

### **B. Smart Core Curriculum and Course of Study (UPDATE IN 23-24 PENDING RULES APPROVAL FROM DESE)**

In order to ensure that every child has access to a rigorous curriculum, the Smart Core Curriculum and Core Curriculum will be standard components of the required course of study to graduate from Arkansas public schools.

All students will participate in the Smart Core Curriculum unless the parent or guardian waives a student’s right to participate. In order to waive a student’s right to participate in the Smart Core Curriculum, the parent must sign the separate Smart Core Waiver Form. In the case of a waiver, the student will be required to participate in Core Curriculum.

As parents, students, and the school collaboratively develop a unique Student Success Plan during a student’s 8<sup>th</sup> grade year the specifics of both the Smart Core Curriculum and Core Curriculum will be explained. Parents will be provided the Smart Core Curriculum, as well as the option of waiving Smart Core and thus electing the Core Curriculum. When appropriate, these curricular provisions will be reviewed and revised through Grade 12.

Parents may be informed of their curricular choices through counselor meetings, parent teacher conferences, PTA, newsletters, student handbook, etc.

Parents will be provided the option of changing from the Smart Core Curriculum to Core Curriculum by contacting the building principal in writing. Requests will be honored only if the student can complete the newly selected course of study by the end of their senior year.

Appropriate school personnel including teachers, counselors, and administrators will be informed and trained about the provisions of this policy.

The following courses of study are consistent with the Core and Smart Core Curriculums:

**C. Homework and Independent Study Skills**

Homework should be an integral part of the instructional program and a means by which students are provided extended time to master learning concepts and objectives. Homework should be a positive experience and provide students the opportunity to:

- Reinforce the concepts taught in class and/or lesson preparation.
- Manage learning time away from the school setting.
- Involve other adults in helping students learn.
- Inform the parents of the learning activities provided during the school day.
- Develop independent study habits, skills, and responsibilities.
- Division of average amounts of homework per week shall be left to the discretion of the building principal and classroom teacher.
- Inter-departmental planning and coordination shall be necessary for long-range assignments such as research papers, science projects, television assignments, etc.
- For Grades K-5, homework will not be used as a grade to help determine the final grade.
  - K-3 homework should be no more than 30 minutes per day.
  - 4-5 homework should be no more than 45 minutes per day.
- For Grades 6-12, each teacher should advise students how and the extent to which homework will be used in determining final grades.

Homework is considered to be part of the educational program of the District. Assignments shall be an extension of the teaching/learning experience that promotes the student's educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful.

Teachers should be aware of the potential problem students may have completing assignments from multiple teachers and vary the amount of homework they give from day to day.

#### **D. School Reporting of Students' Performance**

Teachers shall communicate personally during the school year with the parent/guardian of students to discuss academic progress. Elementary school teachers shall meet with the parent/guardian at least once a semester through a face-to-face parent/teacher conference or a telephone conference. Secondary school teachers shall meet with the parent/guardian of each student at least once during the school year through a face-to-face parent/teacher conference or telephone conference. Teachers will communicate more frequently with the parent/guardian of students not performing at the level expected for their grade. If a student is to be retained at any grade level, notice of retention and the reasons for retention shall be communicated promptly in a conference.

The school shall document parent/guardian participation or nonparticipation in required conferences.

#### **E. Student Promotion and Retention**

Promotion in the elementary school is by grade level on an annual basis. Students who are retained will be required to repeat the entire grade level the following school year. If a deficiency of at least one full year exists in both literacy and mathematics for students in K-5, the school's Retention Committee may consider retention. The parents or guardians of any student who is to be retained at any grade level (K-5) shall be given written notice for possible retention in writing no later than the spring parent/teacher conference. If a student enrolls after the spring parent/teacher conference, a written notice will be given as soon as possible regarding possible retention.

To be promoted in middle school and to ninth grade, a student must earn at least three total units of credit from the following 4 courses: English, math, social studies and science over the course of each school year.

High school students (9 -12) must have completed the following number of credits in order to be classified as:

- Sophomore - Five and one half (5.5) credits
- Juniors - Eleven (11) credits
- Seniors - Sixteen and one half (16.5) credits

Credits may be denied to a student in grades 9-12 when a student has more than 15 days of total absences in a semester. Excessive absences may be a basis for denial for promotion or graduation.

If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

#### **F. State Mandated Testing and Student Academic Improvement Plans**

The State of Arkansas requires that each student in grades three (3) through ten (10) shall participate in criterion-referenced exams. Each student identified as not meeting the satisfactory pass levels in their immediate previously administered assessment shall have an Individual Academic Improvement Plan (AIP) developed and shall participate in remediation activities as required in the plan.

Any student who fails to pass the assessment and who fails to participate in the subsequent academic improvement plan shall not be promoted to the next appropriate grade until:

1. The student is deemed to have participated in an academic improvement plan/or
2. The student passes the assessment for the current grade level in which the student is retained.

The Arkansas Department of Elementary and Secondary Education may determine that an individualized education program (IEP) for a student with disabilities identified under the Individuals with Disabilities Education Act, meets the requirements of the individualized AIP that addresses one (1) or more academic areas in which the student is not proficient on state-mandated exams.

### **VII. STUDENT RECORDS**

#### **A. Rights to Privacy**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible students) certain rights with respect to the student's education records. The student's right to privacy regarding school records will be protected, and any disclosure of information from a student's permanent record shall serve legal and/or educational needs. Access to a student's records is available to authorized school officials, parent/guardian(s) and officials of other schools in which the student seeks or intends to enroll. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

A parent/guardian(s) or eligible student has the right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedure will be provided to the parent or eligible student when notified of the right to a hearing.

Access to transcripts of a student's record may be made available to persons or agencies outside the school provided written consent is given by a parent/guardian or eligible student. Student records will be furnished in compliance with judicial orders or pursuant to any lawfully issued subpoena. A written record will be kept of all persons requesting and seeing student records.

The Fort Smith School District maintains written and electronic student records. The principal is the person in charge of each building and has a copy of this policy which a parent/guardian may examine.

Comments found on records which are inaccurate, misleading or inappropriate may be removed from the file. School officials will not change grades, test scores, attendance records or other objective data.

It is the right of the parent(s) to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA. The website for FERPA is <https://www.ed.gov/category/keyword/ferpa>. The name and address of the Office that administers FERPA is:

**Family Policy Compliance Office**

U.S. Department of Education • 400 Maryland Avenue, SW • Washington, DC 20202

**B. Directory Information**

The Fort Smith School District has designated certain personally identifiable information contained in student records which would not generally be considered harmful or an invasion of privacy, if disclosed as directory information. High schools routinely disclose directory information to military recruiters upon request. Directory information may be released without prior notice unless a written refusal has been given to the building principal or the Executive Director of Student Services objecting to such release.

Directory information shall include, but is not limited to, student's name, address, telephone listing, parent/guardian, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees and awards received, dates of attendance, last school attended and grade level classification.

Written objection to directory information release must be made within the first ten days of each academic year or within ten days of enrollment, whichever is later.

**C. Non-Custodial Parent Access to Records**

Under Arkansas law a non-custodial parent with visitation rights has the right to access all student records that are available to the custodial parent unless the right is specifically limited by the court. Both parents are assumed to have equal custodial rights unless a court order stating otherwise has been presented to school officials. The parents have the burden of furnishing the school with current court orders.

## **D. Student Surveys**

The Protection of Pupil Rights Amendment (PPRA) affords parents certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- 1. Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):**
  - a. Political affiliations or beliefs of the student or student’s parent;
  - b. Mental or psychological problems of the student or student’s family;
  - c. Sex behavior or attitudes;
  - d. Illegal, anti-social, self-incriminating, or demeaning behavior;
  - e. Critical appraisals of others with whom respondents have close family relationships;
  - f. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
  - g. Religious practices, affiliations, or beliefs of the student or parents; or
  - h. Income, other than as required by law to determine program eligibility.
- 2. Receive notice and an opportunity to opt a student out of:**
  - a. Any other protected information survey, regardless of funding;
  - b. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
  - c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- 3. Inspect, upon request and before administration or use:**
  - a. Protected information surveys of students;
  - b. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
  - c. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law. Parents who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office  
U.S. Department of Education 400 Maryland Avenue, SW  
Washington, D.C. 20202-5901

## **E. Destruction of Records**

No school records of a permanent nature shall be destroyed by the principal, teacher, or other employee unless permission has been received from the Superintendent of Schools.

Students’ transcripts, permanent records, immunization records, and students’ cumulative records are to be considered in this category. Teachers’ record books and teachers’ nine-weeks reports are considered of a semi-permanent nature and should be preserved for a period of five years.

## **VIII. CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES**

The Board of Education believes that student activities sponsored by the Fort Smith School District are a vital part of the total educational program and should be used as a means of developing wholesome attitudes and good

human relations, as well as knowledge and skills. The Board further recognizes that not all of the District's goals and objectives can be met in formal classroom study. Therefore, the District's program of co-curricular and extracurricular programs will provide opportunities for student participation in activities designed to meet their leisure, recreational, social and emotional interests and needs. Co-curricular and extracurricular activities will be defined as those organized, supervised and conducted under the auspices of the School District or any element thereof which primarily involve students in other than a classroom situation and which are not part of a course of study. These activities will provide for individual, small group and/or student body participation. Activities in this classification may include, but will not be limited to, intramural sports, clubs, athletic teams, spirit groups and interscholastic adjuncts to music or academic courses conducted outside the classroom. The following are examples of activities governed by this policy:

- Student government and its related activities and organizations;
- Musical festivals or contests, speech contests, debates or drama activities;
- Organized activities which are part of intramural or interscholastic athletics;
- All types of interscholastic competition; and
- Special interest clubs or service organizations.

Any K-12 student is eligible for, or may participate in, extracurricular activities, including field trips, unless excluded for disciplinary or attendance reasons, refusal to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment or do not attend school on the dates of the assessment or make-up days, or for failure to meet designated activity qualifications.

The Board further believes that any program of student activities should be governed by the following guideposts:

- Although student participation is on a voluntary basis, all students should be encouraged to participate in one or more student activities in order to realize the benefits of involvement and participation;
- Student participation will be based upon interest and qualifications without regard to race, sex, religion, disability or national origin;
- Financial support for student activities will be provided utilizing the resources which may include fund raising, parent organizations, gate receipts or other available resources; and
- Participation in student activity programs is designed to develop a sense of involvement, pride, responsibility and teamwork consistent with the mission of the Fort Smith School District.
- Student activities will be scheduled so as to minimize interference with the academic program of each school. Each principal will monitor student activities in order to avoid excessive encroachment upon instructional time.

Responsibility for oversight of student activities will rest with the Superintendent of Schools and other administrative and teaching personnel who are assigned to coordinate the various programs. The Director of Athletics and Student Activities will provide District-level coordination in cooperation with building principals with regard to allocation of resources, scheduling and administrative policy application.

## **IX. ELIGIBILITY FOR ATHLETIC COMPETITION**

A student's eligibility for interscholastic athletics shall be in the public school district of the parent's residence in accordance with applicable residence rules. Eligibility for specific Fort Smith School attendance zones will be governed by the current attendance and transfer policies of the Fort Smith School District.

### **In District Transfers**

A student who chooses to transfer schools within the district and who is entering the seventh, eighth, ninth, tenth,

eleventh, or twelfth grade will lose athletic eligibility for that school year unless the student attended the receiving school the entire previous year. In exception to the previous, if an eighth grade student entering the ninth grade desires to transfer out of his attendance zone, that student must inform the Fort Smith Public Schools' Director of Athletics and Student Activities. If a student has made a legal transfer to a school in sixth grade or ninth grade by July 1 then chooses to return to his/her home attendance area school, eligibility will be lost for 365 days.

If an eighth grade student desires to transfer out of his/her attendance area and plans to participate in athletics, the following conditions must be met:

1. The student must be granted an Attendance Area Exception from Student Services for the following school year. The Attendance Area Exception will take effect the fall semester of the ninth grade year.
2. The student and his/her parent or guardian must sign a Declaration of Intent with the Fort Smith Public Schools Director of Athletics and Student Activities.

If the student returns to his/her home attendance area, athletic eligibility will be lost for 365 days. If an eighth grade student entering the ninth grade desires to transfer out of his/her attendance zone, that student must inform the Fort Smith Public Schools Director of Athletics and Student Activities. If the student has made a legal transfer to a school in the sixth grade or ninth grade by July 1 and then chooses to return to his/her home attendance area school, eligibility will be lost for 365 days.

Hardship Exception: A student's parent or guardian may petition the District's athletic director for a hardship exception from the specified eligibility rules. Evidence of a true hardship must be presented. A hardship is defined as an extreme and unusual circumstance beyond the control of the student or parent. After consultation with principals of the affected schools, the athletic director may deny the petition or may grant a hardship exception. Denial of a hardship exception petition will be reviewed by the Superintendent upon parent request; the decision reached in the review is final.

### **Out of District Transfers: School Choice and Student Legal Transfer**

All students transferring from outside of the district are subject to the rules and regulations established by the Arkansas Activities Association.

A student who transfers under a legal school choice option shall not be denied participation in an extracurricular activity where the student transfers based exclusively on the student's decision to transfer. A student who transfers before July 1 of the year the student enters grade seven through twelve (7-12) shall complete a Changing Schools/Athletic Participation (CSAP) form as defined by AAA, which must be signed by the:

- Superintendent of the student's resident school district;
- Superintendent of the nonresident school district to which the student transfers; and
- Parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student.

The completed Changing Schools/Athletic Participation form shall be filed with the non-resident school district where the student transfers and the AAA. The Changing Schools/Athletic Participation form shall be signed by the superintendent of a student's resident school district and the superintendent of the nonresident school district to which a student transfers unless there is demonstrable evidence of recruiting by the receiving school district personnel or that the student is transferring to the nonresident school district solely for athletic purposes.

This rule applies only to district to district transfers, not to transfers within the Fort Smith School District.

12. Final authority on interpretation of any rules and regulations shall rest with the School Board.

Fort Smith Board of Education Policy JLC states:

“Students are not to be used for solicitation of funds or drives for school-sponsored organizations unless such solicitation or drive is specifically approved by the principal. No door-to-door sales or solicitations by students for school purposes shall be approved.”

This policy applies to both elementary and secondary students.

Pursuant to Arkansas Code Annotated 6-18-1104, parents of all elementary students who participate in fund-raising programs are hereby notified:

1. Student participation in fund-raising programs is voluntary.
2. Students who do not participate will not forfeit any school privileges.
3. Students may not participate in fund-raising programs without written parental permission returned to school authorities.
4. An elementary school student who sells fund-raising merchandise door-to-door must be accompanied by a parent or an adult.\*
5. Unless the school provides supervision, parents must accept responsibility for appropriate adult supervision.

## **XII. FORT SMITH PUBLIC SCHOOLS TECHNOLOGY/INTERNET ACCEPTABLE USE GUIDELINES**

### **A. Acceptable Use**

The Fort Smith Public Schools' digital devices, networks and Internet access are provided to support the educational mission of the schools and to enhance the curriculum and learning opportunities for students and school staff. This policy and the accompanying rules also apply to digital devices issued directly to students, whether in use at school or off school premises.

Students are allowed to use privately-owned devices at school with prior authorization by school officials, provided that they comply with this policy and the accompanying rules.

### **B. Unacceptable Use (ACA 6-21-107)**

The District has established and will maintain an Internet filtering system to prevent computer users from accessing harmful material. The use of the network is a privilege, not a right, which may be revoked at any time for inappropriate conduct as determined by the Fort Smith Public School District.

Such conduct would include, but not be limited to, the placing or viewing of unauthorized or unlawful information (data or graphics) on a system, messages/data, the sending of messages/data that are likely to result in the loss of a recipient's work or systems, and the sending of "chain letters," or "broadcast" messages to lists or individuals. District computing resources cannot be used to intimidate or create an atmosphere of harassment based upon gender, race, religion, ethnic origin, creed, or sexual orientation. The unauthorized disclosure, use, and/or dissemination of personal identification information regarding students or staff is strictly prohibited. Any unauthorized access to District, staff, or student information by any individual is prohibited.

It is essential for each user on the network to recognize his/her responsibility in having access to vast services, sites, systems, and people. The user is ultimately responsible for his/her actions in accessing network services. Users must also observe the acceptable use of policy of other networks. What is

acceptable use on the District network may not be acceptable on outside networks.

An account assigned to an individual, including Student Use Accounts, may not be used by others. Faculty, students, staff, and associates are individually responsible for the proper use of their accounts, including proper password protection and appropriate use of Internet resources. It is not acceptable to use the network to interfere with or disrupt network users, services, or equipment.

Disruptions include, but are not limited to, distribution of unsolicited advertising, propagation or computer worms or viruses, and using the network to make unauthorized entry to any other machine/service accessible via the network. No one should deliberately attempt to degrade the performance of a computer system (including network resources) or to deprive authorized users of resources or access. Use of the network for recreational games is not acceptable.

### C. Behavior in Use

All faculty, students, staff, and associates are responsible for use of district computing resources in an effective, efficient, ethical, and lawful manner even in the absence of reminders or enforcement. Users are expected to follow normal standards of polite conduct in their use of the computing resources. Responsible behavior includes consideration for other users, as well as efficient use of the computing time and materials. Annually every user will be required to successfully complete training as defined by the School District in order to be eligible to access network services.

The District cannot be held liable for any losses, including lost revenues, or for any claims or demands against the user by another party. Users are personally monetarily responsible for their unauthorized access to any “pay” service. The District cannot be held responsible for any damages due to the loss of output, loss of data, time delay, system performance, software performance, incorrect advice from a consultant, or any other damages arising from the use of the District’s computer facilities.

Faculty cannot be held liable for the student’s use of the network. Students may access the network for individual work, in the context of another class, at a location other than on campus. The faculty is responsible for instructing and supervising students on acceptable use of the network, network etiquette, electronic mail, chat rooms, and other forms of electronic communication. **Students have no expectation of privacy in their use of school digital devices or when utilizing any district-issued or school-issued account or digital resource.**

### D. Technology and Privacy in Locker Rooms, Restrooms, and Designated Changing Areas

Students, school employees, and other persons present on school property shall respect and protect the privacy interests of individuals who are using locker rooms, restroom, or other designated changing areas. Students or employees who violate the policy, or any related rules or directives, shall be subject to school disciplinary action and possible legal referral. Other persons violating this policy may lose privileges of using District facilities, may be referred to law enforcement and/or may be subject to penalties provided under applicable law.

In keeping with the District’s objective of taking reasonable measures to protect the privacy interests of persons who are using a locker room, restroom, or other changing area for an authorized purpose, all persons present on school property shall, at a minimum, observe the following measures:

1. The use of recording and other electronic devices is substantially restricted in locker rooms, restrooms, and other designated changing areas.
  - a. No person may use a camera, video recorder, cell phone, or any other device with recording capabilities at any time to capture, record, transmit, or transfer an image or

representation of an undressed or partially dressed person who is in any locker room, restroom, or other designated changing area.

No recording function (photographic, video, audio) of any type of device may be used in any non-emergency situation in such facilities at any time unless (1) the individual has received prior permission of a district administrator, the principal, or other designated facility administrator; and (2) any person being recorded has consented to the recording. Such permission shall not be exercised when persons who are present in the facilities are actively using the area as a changing area, shower facility, and/or restroom.
  - c. In order to avoid any appearance of a violation of privacy or other impropriety, individuals present in such facilities are expected to restrict their use of non-recording functions of situations where they have received the prior permission of a district administrator, building principal, or other designated facility supervisor. That is, with these limited exceptions, voice calls, texting, etc. should not be occurring in such facilities.
2. No person shall view or attempt to view from any concealed location, or in an otherwise secret or hidden manner, an undressed or partially undressed person who is using a locker room, restroom, or other changing area.
  3. Loitering in the locker room, restroom, or other designated changing area is prohibited.
  4. No media is allowed access to locker rooms before, during, or after any school athletic event or practice. Coaches and student athletes may be available for interviews outside the locker rooms, consistent with District policy and school rules.

These guidelines apply to all users of any school facilities.

#### **E. Plagiarism**

Copying a student's computer assignment takes little effort; as does detecting and proving such plagiarism. The standard academic penalties for this are severe. Systems staff will cooperate with instructors in verifying plagiarism. Guilty users will lose computing privileges. Students may be subject to receiving a failure for the assignment and possible failure for the course. This includes students who have completed a course and shared their old work with those in a subsequent semester.

#### **F. Use of Copyrighted/Licensed Materials**

Unauthorized copying, transmittal of, or use of licensed or copyrighted media (example: software) is considered theft and a violation of copyright laws. Placement of media (example: software onto an on-site user's computer hard disk) onto School District information systems equipment should not be done without prior authorization. Final responsibility of management of a given piece of equipment and the media placed on it is held by the assigned user or on-site lab supervisor.

#### **G. Violations Statement**

Violations of the guidelines set forth in this policy shall constitute a violation of school rules and will result in punishment of the student with a minimum penalty of a reprimand to a maximum penalty of expulsion.

Violations of some of the guidelines set forth in this policy may constitute a criminal offense. Transmission or use of any material in violation of any international, U.S., or state laws or regulations is

prohibited. Systems staff and district administrators will cooperate fully with law enforcement agencies in correcting any violations.

**K. Internet Safety and Web Filtering Policy**

The Fort Smith Public School District has developed a set of policies and guidelines to address the Internet safety of both students and staff members. These guidelines follow security guidelines as recommended by the Department of Information Systems of the State of Arkansas and the Arkansas Public School Computer Network Division. They are also in compliance with the Child Internet Protection Act.

1. Web filtering servers will be employed, updated and maintained to prevent access by minors to inappropriate subject matter on the Internet and the Web.
2. The use of electronic mail, chat rooms, or any other form of direct electronic communications by students will be prohibited unless monitored by a staff member to protect the students' safety and security.
3. A network firewall will be employed, updated, and maintained to prevent unlawful or unauthorized access, including "hacking", from the outside or from within the computer network.
4. Information security access rules and secure password policies will be employed to prevent the unauthorized disclosure, use, or dissemination of personal identification information regarding students and staff members.
5. Student access to materials harmful to them will be restricted through the implementation of web filtering servers, a network firewall, and anti-malware software.

**L. 1:1 DIGITAL CONVERSION GUIDELINES**

Fort Smith Public Schools is providing students the opportunity to participate in a digital conversion program where students are issued Chromebook devices for school and home use. This is an innovative approach where learners have access to a rich array of technological tools intended to enhance both teaching and learning.

## **Terms of Use**

Students and Parents/Guardian(s) must follow the terms, conditions, and policies communicated within this section, in addition to the Acceptable Use Policies defined under Section XII – Fort Smith Public Schools Network/Internet Acceptable Use Guidelines. Student issued Chromebooks are the property of Fort Smith Public Schools and their use is a privilege, not a right. Disciplinary actions or revocation of this right may be imposed if there is a failure to adhere to these policies. The district reserves the right to collect and/or inspect a device and delete any material or applications deemed to be inappropriate. Student devices may be seized or searched at any time as they are the property of the district. The policies, procedures and information in this section apply to the digital conversion program and include all other devices deemed appropriate by the administration. Teachers may set additional requirements for computer use in the classroom.

## **Student Online Accounts & Privacy Policy**

Instruction using technology is often facilitated through the use of e-mail and cloud-based file storage. As a part of the Digital Conversion program, students will be issued a Google Apps account and a Microsoft account which gives them access to e-mail (Gmail), as well as other Google Apps including Google Drive. The Children’s Online Privacy Protection Act (COPPA), however, requires that a parent or guardian give the district permission to share the student’s first and last name which is needed to create the account. Google and Microsoft do not share this information, and the District will make every reasonable effort to maintain the privacy of this student information.

- The district will only provide the first name, last name, and account login name to create each student’s Google account.
- This account information will only be provided to Google and Microsoft.
- No student will be required or encouraged to provide other personally identifiable information to any online service provider.
- Parents or guardians have the right to see the information provided to create these accounts.
- Parents or guardians have the right to ask that their student’s accounts be deleted, or require that the first and last name is no longer provided. To exercise these rights, a written and signed request must be provided to the school administration which allows reasonably sufficient time for action.

## **Guidelines for Use**

Students should abide by all policies defined under the Acceptable Use Policy as documented under Section XII Fort Smith Public Schools Network/Internet Acceptable Use Guidelines.

Use of these devices should be restricted to educational purposes. Any extracurricular use during school time, such as instant messaging, video chatting, video games, etc. is strictly prohibited and can result in disciplinary action, unless explicitly permitted by school administration and/or the student’s teacher. Students should expect no privacy with regard to media or content created or stored on their device. Students will be held liable for inappropriate materials found on devices. If inappropriate materials or applications are found as a result of a search by school officials, a student’s Chromebook may be wiped and reset to factory defaults. The district will not be responsible for lost files or information should a device be reset to factory defaults.

An attempt by a student to access files or materials on another student’s device is forbidden unless explicit permission is given. Unauthorized use or access to files or information by a student may result in disciplinary action. Students should keep all personal usernames and passwords private and should not give this information to anyone other than a school official.

Use of microphones and/or webcams in the classroom to record and/or post audio or video content to the internet is strictly forbidden, unless explicitly allowed by a student's teacher for an instructional purpose. Possession, transferring, or uploading any unauthorized photographs, videos, or audio recordings is strictly forbidden and may result in disciplinary action or revocation of a student's device.

Student devices are considered a learning tool both in the classroom and at home. A student's device should never be loaned or used by anyone outside of his/her immediate family.

Students are responsible for backing up important files and data stored on their device. The school district holds no liability or responsibility to recover lost, deleted, or missing files as a result of hardware issues, software issues, or any unforeseen occurrence in which files could be lost.

### **Proper Care Guidelines**

Proper care and storage of student Chromebook devices are the responsibility of each individual student. Proper care tips include:

- Do not leave or store the device in the extreme heat or extreme cold.
- Do not leave the device in a vehicle or other unsecured location.
- Do not place any item or object on top of the device when not in use.
- Do not eat or drink in close proximity of the Chromebook.
- Do not use any cleaning product, including, but not limited to, abrasive cloths, sponges, or liquid cleaners to clean the screen or exterior of the device. Only a soft, lint-free microfiber cloth should be used.
- Do not write on or place any adhesive items such as stickers to any surface of the device
- Do not remove any serial number labels or labels applied by the district.
- Do not carry or transport the device without being in a proper carrying case with the zipper closed.
- Do not drop the device or bump it against any hard surface.
- Do not place or leave the device on the floor where it may be stepped on or tripped over.

### **Web Filtering**

Students are expected to follow the policies and guidelines established to ensure adequate internet filtering while at school.

While at home, district web filtering is still in effect, however, parents will be responsible for monitoring the use of the internet. The district holds no responsibility for inappropriate content accessed outside of school provided internet access. The responsibility of monitoring internet access once a student is off school premises and no longer using district provided internet access, will fall directly on the student's parent or guardian. Inappropriate content delivered and/or stored on a student device by the use of internet access away from or outside of school provided internet may result in disciplinary action if found by school officials.

## **FINANCIAL RESPONSIBILITY**

### **Damaged, Lost, or Stolen Chromebooks**

- Accidental damage to a Chromebook device should be reported to a school official immediately.
- Theft of a device while on school premises should be reported to a school official immediately.
- Theft or loss of a device while away from school should first be reported to local police officials, then reported to school officials. You may be asked by your school to provide an official police

- report.
- If a device is damaged by another person or student, it should be reported to the office, teacher, or school personnel immediately. Any claim will be investigated by the school district or law enforcement.

### **Technical Problems & Chromebook Repairs**

All hardware or software issues should be reported to the student’s teacher. Issues which occur during non-classroom time should be reported to school officials.

The district will attempt to repair all hardware and software issues by trained staff or technicians. No charges will be incurred for hardware or software repairs not caused by deliberate misuse or accidents. No one other than district staff members should ever disassemble or attempt to repair any hardware component of a Chromebook. Doing so may cause damage and subsequent charges and/or disciplinary actions.

A loaner Chromebook device may be provided to a student in the event that their assigned Chromebook is kept at school for necessary repairs. In the event that a student receives a loaner device, they will be responsible for the loaner just as if it was their original issued device. Loaner Chromebooks will be inspected before and after check out. Should physical damage occur to the loaner device, the student will be financially responsible for any repairs that must be performed in order to restore the loaner device to its original condition.

- Charges will be assessed for any damage not caused by unexpected hardware failures which fall under the terms and conditions of the manufacturer’s warranty.
- Such charges may result from damage caused by improper use, handling, or intentional or accidental damage.
- Lost Chromebooks or accessories will not be covered by the district and charges will be assessed to replace these items.
- Any other damaged hardware will be quoted by professionals and charges will be assessed accordingly.
- Students will not be re-issued another device until non-warranty repair costs have been paid.

### **XIII. DISTRIBUTION OF LITERATURE**

Students may not possess or distribute any literature that causes disruption of school, is in violation of School Board policy, or is obscene.

### **XIV. STUDENT DRESS CODE**

Fort Smith Public School District recognizes that dress can be a matter of personal taste and preference. At the same time, the District has responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, un-safe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school- sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however, to a costume or uniform worn by students while performing in a school- sponsored activity or event.

NOTE: Individual school handbooks may contain additional guidelines to student dress. Decisions on inappropriate dress will be the sole responsibility of building leadership.

## **XV. SEARCH, SEIZURE, AND MONITORING**

Student lockers are to be used to protect personal items and books and are not to be used to store or conceal illegal or prohibited items or material. Lockers remain the property of the Fort Smith Public School District and are subject to inspection by school officials for reasonable cause.

Privately-owned automobiles parked on school property may be searched by a school administrator if there is reasonable suspicion that the search would produce evidence indicating the student has violated the law or school rules.

**School buildings and campuses (including parking lots) are subject to periodic search by the canine unit of the Fort Smith Police Department in an effort to reduce the presence of illegal and prohibited items on the campus.**

**The District uses video surveillance to assist in security and investigations.**

Student misbehavior could result in losing the privilege of riding the bus. Any student causing damage to a bus will be required to pay for the damage. The driver of a bus has the same authority over bus passengers that a teacher has over students in the classroom. Drivers have the responsibility to maintain conduct on their bus and will identify students who cause trouble to the students' building principal. The district believes all students can behave appropriately and safely while riding on a school bus. No tolerance will be shown for student behavior that stop drivers from doing their jobs or which prevent students from having safe transportation. Students must ride the bus they are assigned to ride. Each driver will review the rules of conduct on the bus with the students riding the bus. 6. Students are not to eat, drink, smoke, spit, litter, use obscene language or gestures or make any distracting noises at any time. Texting is allowed but voice calls are not allowed.

8. Students are to stand back at least ten feet from the bus stop and are not to approach the bus until it has come to a complete stop, and the door is opened.
9. Students are to enter and leave the bus quickly and in an orderly manner. Do not enter or exit the bus through the back door except in an emergency or unless directed to do so by the driver.
10. If a student must cross the street after leaving the bus in the afternoon, go to a point on the shoulder of the street ten feet in front of the bus and wait until the driver has signaled for you to cross. The school district encourages any person who observes an incident jeopardizing the safety of a student on a school bus to report the incident to the Transportation Department. It is most helpful when a person can identify the bus by its number when making a report. ## **J. Sexual Harassment**

### **1. Policy**

The District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

For the purposes of this policy, “sexual harassment” is defined as any unwelcome sexual advances, requests for sexual advances, requests for sexual favors, and/or other inappropriate verbal, visual, written, or physical conduct of a sexual nature, whenever such harassment occurs on School District property or at a school-sponsored event.

### **2. Behaviors that Constitute Sexual Harassment**

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person’s alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students or employees as to sexual activity or performance;
- Circulating or showing e-mails or Websites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the individual self-identifies as homosexual or transgender.

### **3. Retaliation Prohibited**

- a. The District will discipline any student who retaliates against any person who reports alleged sexual harassment or who retaliates against any person who assists in an investigation or proceeding relating to a sexual harassment complaint.

- c. Punishments for retaliation include, but may not be limited to, a warning, transfer, suspension, or expulsion.

4. Reporting Investigation

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment.

5. Punishment

Punishment can include, but may not be limited to, written warning, suspension, or expulsion

Minimum Penalty—**Reprimand**

Maximum Penalty—**Expulsion**

**XX. CONTROLLED SUBSTANCE DISCIPLINE PROCEDURES**

**A. Controlled Substance – General Student Population**

A student shall not possess, sell, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, beverage containing alcohol or intoxicant of any kind, or other controlled substance as defined in the State of Arkansas Uniform Controlled Substances Act 5-64-101. The student may not possess any substance represented to be a controlled substance.

The safety of students and patrons attending on-site and away school activities is of paramount concern. Similarly, it is important that students comply with existing laws regulating the use and possession of intoxicants and controlled substances. Accordingly, the meaning of the term “use” should be deemed to include, but not necessarily be limited to, the consumption in any amount, of alcoholic beverages, controlled substances, or other intoxicants, prior to or during the travel to and from on-site and away student activities. The manifestation of use by such factors as detectable odor; physical appearance e.g., blood shot eyes or slurred speech; or other articulable observations may implicate the application of this policy and its accompanying consequences.

**1. Disciplinary Action Taken Toward any Student who is Involved with Controlled Substances at School**

The possession, use, sale, or distribution of any controlled substance or paraphernalia shall be prohibited on school grounds or at any school activity while a student is enrolled in Fort Smith Public Schools.

- a.\* First Violation: The student will be subject to disciplinary action which may include suspension from school and/or possible recommendation for expulsion, and the police will be notified.
- b. Second Violation: The student shall be suspended for a minimum of ten (10) days with a possible recommendation for expulsion. The police will be notified.

## **B. Controlled Substance- Activity Program**

The Activity Program acts as an extension of the school curriculum and is an integral part of the educational program. Participation in activities helps prepare students for responsible roles in society, allows students the privilege of representing their school, and affords these students the opportunity to set good examples for others to follow.

Students who involve themselves with illegal, controlled substances (including alcohol) and participate in school activities are not appropriately fulfilling their responsibilities to properly represent their school and set good examples for others. Therefore, the following policy has been developed for school administrators to follow when controlled substance problems are encountered:

- 1. Disciplinary Action Taken Toward Students who are Involved with Controlled Substances at School or while Participating in a School Activity and are Involved in Extra-Curricular Activities**
  - a.\* First violation: The student shall be removed from that said activity until ALL the requirements are met in Section XIX.A.1.a., First Violation
  - b. Second Violation: The student will be automatically removed from ALL extra-curricular activities and shall not be allowed to participate in any school activities for the remainder of that school year. Also see Section XIX.A.1.b., Second Violation.
  
- 2. Disciplinary Action Taken Toward Students who are Involved with Controlled Substances but not at School or while Participating in a School Activity and are Involved in Extra-Curricular Activities**
  - a.\* First Violation: Allow the coach or sponsor to handle individually. Student will not be suspended from school but may be suspended from the activity for a period of time or suspended for a certain number of games or activities. Parents will be notified.  
Second Violation: The student will be dropped from the activity for the balance of the year. Parents will be notified.
  - b. Disciplinary action may be appealed to the principal or his/her designee.

## **C. Controlled Substances- Attempted Suicide**

School administrators who determine that a student has attempted suicide using controlled substances or non-prescription medications should require appropriate professional assistance for the student.

### **Disciplinary Action Taken Toward Students who have Attempted Suicide with Controlled Substances or Non-Prescription Medications at School or while Participating in a School Activity**

A professional evaluation to assess suicide risk and the student's capability of functioning in the unsecured environment of a public school is required before the student returns to school. (Utilize Suicide Prevention Form, SP-1, for this purpose.)

\*The administration reserves the right to recommend expulsion when the offense is serious enough to warrant the more severe penalty.

## **XXI. DISCIPLINE FOR STUDENTS WITH DISABILITIES**

- A.** Students with disabilities who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to a free appropriate public education (FAPE).
  
- B.** The Individualized Education Program (IEP) Committee for a student with disabilities should consider

whether particular disciplinary procedures should be adopted for that student and be included in the IEP.

- C. After removing a student for more than 10 school days in a school year, the District will convene a meeting of the student's IEP Committee to address behavior.

## **XXII. SUSPENSION OF STUDENTS**

Students may be suspended from school for a violation of the District's discipline policies or other conduct that would tend to impair the discipline of the school, or harm the other students, but such suspension shall not extend beyond the current term (ACA 6-18-507). In the Fort Smith Public Schools, authority to suspend a student is delegated to the school principal or designee. At the time of suspension, the student should be informed of the reasons for suspension and the procedures for re-admittance. The student should also be advised and allowed to make a statement relative to the situation or on his/her behalf at the time of suspension.

Upon suspension of a student, the school shall immediately contact the student's parent or legal guardian to notify him/her of the suspension. Contact will be attempted in the following order: a telephone call, voice mail, email, or first class mail. Standardized suspension forms will be utilized. Notification of suspension shall include the reasons for suspension, the manner in which the student may be readmitted to school, and the student's right to appeal.

Elementary students may be assigned to the Positive Attitude Renewal (PAR) program in lieu of a suspension. Students are expected to make up class work during the suspension and may receive full credit upon satisfactory completion. All make-up work should be returned to the appropriate teacher upon the student's return to school. The sole responsibility for completing assigned work rests with the student.

In some incidences where the nature of the infraction or misconduct is deemed disruptive to the extent that the student should not be in school, the suspension shall be followed by a recommendation for expulsion. In such cases, the policy for expulsion shall be followed.

Any suspension that has previously been reviewed by the principal, at the request of the parent, will be reviewed by the Department of Student Services. All such cases must be reported to the Superintendent.

### **Administrative Procedures for Suspension of Students**

- A. A teacher may temporarily dismiss any student from class for disciplinary reasons.
- B. The teacher shall, when feasible, accompany the student to the office of the principal or designee and shall, as soon as practical, file with the principal a written statement about the student's dismissal from class.
- C. After a conference, which will include at least the principal or assistant principal, the teacher and the student, the principal or designee shall determine whether to reinstate the student in class, reassign the student, or take other disciplinary action.
- D. The principal or designee of any school is authorized to suspend students from school for disciplinary reasons up to ten school days, including the day upon which the suspension was initially imposed.
- E. Prior to such suspension, the principal or designee shall inform the student either orally or in writing about the infraction.
- F. If the student denies the charges, the principal shall explain to the student the evidence that forms a basis of the charges and shall permit the student to present his/her side of the story.

- G. When the principal considers that a suspension is proper, he/she shall send the student home with a Suspension Notice requesting a student/parent/principal conference prior to admission.
- H. The parent will be provided a copy of the Suspension Notice that shall include the reasons for the suspension, its duration, the manner in which the student may be readmitted to school, and the procedure for review of the suspension.
- I. The principal or designee may require the attendance of the student involved at the said conference as a condition of considering reinstatement.
- J. When students have been notified that they are suspended from school, they shall remain away from all school district premises and any school district activities until the principal or designee reinstates them. Suspended students may return to school premises when accompanied by their parent or guardian for a student/parent/principal conference.
- K. If no decision is reached during the conference by the principal for a reinstatement of the student or if any suspended student or a parent or guardian (when the student is a minor) requests a review of the suspension by the Superintendent, the principal or designee shall advise the person of the review procedure.
- L. Suspensions of five days or less will be reviewed by the Superintendent or designee upon parent request; the decision reached in the review is final. All reviews must be requested within the term of the suspension. The Superintendent of Schools or designee shall have the authority to revoke, terminate or otherwise modify the suspension and will notify the principal and parents of his/her actions as soon as possible.
- M. A suspension of more than five days will be reviewed by the Superintendent or designee upon parent request; the decision reached in the review may be appealed to the Student Affairs Committee of the School Board. The Superintendent or designee or the Student Affairs Committee shall have the authority to revoke, terminate or otherwise modify the suspension and will notify the principal and parties of the actions. All appeals must be filed within the term of the suspension.
- N. A suspended student will not be readmitted to school until the suspension is completed or the appeal process, if applicable, is completed.
- O. If the school is undergoing a violent upheaval or if orderly educational processes have otherwise been substantially disrupted, students may be suspended indefinitely without notice, hearing, and the other rights provided herein having been first given. In all such cases, written notices, hearings, and other rights shall be provided in accordance with the normal provisions at the earliest practical date after order is restored.
- P. A student may request that hearings with the Board or Student Affairs Committee of the Board be private. The Board or Student Affairs Committee may consider its decision in executive session without the presence of anyone other than the Board or Committee. The Board or Committee shall reconvene in public session to vote on the matter.

### **XXIII. STUDENT CONTROL – RESTRAINT**

School officials will only use restraint when the student is in danger of hurting himself/herself or others.

### **XXIV. EXPULSION**

The Board of Education is authorized to expel a student for conduct it deems to be inappropriate or disruptive to the educational program.

It is anticipated that the procedure leading to expulsion will be preceded by suspension and will be covered by the policy on suspension of students.

The Superintendent or his/her designee shall give written notice to the parent or guardian that he/she has recommended to the Board of Education that a student be expelled. The Recommendation for Expulsion shall contain a statement or reasons for this recommendation. Upon request of the parent or guardian, the Superintendent or designee shall schedule a hearing with the Student Affairs Committee of the School Board. Notice of time and place of such hearing shall be given to the parent following the request for hearing.

ACA 6-18-507 provides that the directors of a school district may exclude students for a violation of the District's discipline policies or other conduct that would tend to impair the discipline of the school, or harm other students. Prior to readmission a parent, guardian, or person serving in loco parentis of a student who is expelled for a weapons violation will sign a statement acknowledging that the parents have read and understand the current laws regarding the possibility of parental responsibility for allowing a child to possess weapon on school property.

### **Expulsion Procedures**

- A.** The principal of the school may recommend that a student be expelled from school with loss of credit. A written recommendation for expulsion, which includes a statement of the charge against the student, will be discussed with the parent or guardian if the student is a minor, or discussed with the student if the student is an adult. A copy of the Recommendation for Expulsion will be sent to the Superintendent.
- B.** If the Superintendent or his/her designee concurs with the recommendation and the parent or guardian requests a hearing before the School Board, a hearing will be scheduled. The request for a hearing must be made within 30 calendar days of the recommendation for expulsion.
- C.** In every case of a hearing held by the Student Affairs Committee or the School Board regarding the expulsion of a student, the President of the Board or another member, selected by the Board, shall preside at the hearing. The student shall be entitled to representation by a lawyer or lay counsel.
- D.** The Superintendent or designee shall present evidence and may present witnesses or statements of those persons who have personal knowledge of the events or circumstance that give rise to the expulsion recommendation at the hearing.
- E.** The student or representative may then present witnesses or statements by witnesses with personal knowledge of events or circumstances relevant to the issues.
- F.** Cross-examination should ordinarily be limited to the question or questions on which the credibility of the witnesses has become an issue.
- G.** Students may observe all evidence offered against them.
- H.** Members of the committee or the Board may question any witness.
- I.** At the conclusion of the hearing, the Board may discuss the matter and dispose of it by vote.
- J.** The School Board may expel a student for the remainder of the semester, for the remainder of the school year, or for 365 days in the event of a weapons violation. (ACA 6-18-502)
- K.** If the Board does not expel the student with loss of credit, it may impose less severe disciplinary actions,

such as long-term suspension, which may be without opportunity for make up of schoolwork. The Board shall briefly state its findings at the end of the hearing.

- L. The Board shall make a record of the evidence taken at the proceedings.
- M. If the student wishes, the record will be furnished to the student. Copies of all statements used as evidence will be included with the record.
- N. The President of the Board or the presiding officer has the authority to limit unproductively long or irrelevant questioning.
- O. A student or the student's parents or guardian may request that hearings with the Board or the Student Affairs Committee of the Board be private. The Board or Student Affairs Committee may consider its decision in executive session without the presence of anyone other than the Board or Committee. The Board or Committee shall reconvene in public session to vote on the matter.

## **XXV. GROUP HEARINGS FOR SUSPENSION OR EXPULSION**

When two or more students are charged with violating the same rule and have acted in concert and the facts are basically the same for all such students, a group hearing may be conducted for them if the Board believes the following conditions exist:

1. A group hearing will not likely result in confusion.
2. A student will not have his/her interest substantially prejudiced by a group hearing.

If during the hearing, the Board finds that a student's interest will be substantially prejudiced by the group hearing, a separate hearing may be ordered for that student. A student or student's parent or guardian may request that hearing with the Board or committee of the Board be private.
