Re: Oregon English Language Learner Report

Background Information:

The Oregon English Language Learner Report is an annual publication the Oregon Department of Education publishes annually. The report is required by law (ORS 327.016), and reports on financial information for English language learner programs, the objectives and needs of students eligible for and enrolled in an English language learner program, as well as provides information on the demographics of students in English language learner programs in each school district. The report must be provided to each school district board by September 1 of each year and made available at the school district's main office and on the school district's website.

The most recent report is the [2020-2021 Oregon English Language Learner Report](#). The [English Language Learner District Comparison Tool](#) can be used to compare district outcomes across the state.
