Re: Phase III Paving Projects - Sinking Fund

I would like an opportunity to share with the Board of Education information on Phase III Paving Projects at Frost Middle School and Grant Elementary School. As mentioned to the Board at the Study Session of March 26, 2018, the bid opening for this Sinking Fund project will occur on April 3, 2018. Members of my team, NTH Consultants, and Plante Moran CRESA, will work together to complete the due diligence on the bidders.

The Frost project is limited to restructuring and tying in the south driveway entrance/exit to Stark Road, which is being repaved by the City of Livonia this summer. The Grant project is being completed in an effort to create additional parking capacity at the school. Scott Smith from Plante Moran CRESA will be joining us at the Committee of the Whole meeting to discuss details.

Please add this request to the agenda of the Monday, April 9, 2018, Committee of the Whole Meeting. The source for this project will be the Sinking Fund. As always, let me know if there are any additional questions. Thank you.

PF/ko
