

4/18/14

Greetings Governing Board Members:

Here is my weekly update to try to keep you informed of district happenings...

Summer School: Administrators and counselors are trying to recruit kids for **summer school**. There has not been enough interest to support having tuitioned classes, so it looks like we will offer Title I (remedial) support for targeted students and some credit recovery opportunities. We did receive approval to operate a **summer food service program** again this year. Any children will be able to come here for **free meals** through the program.

Future Business Leaders of America State Competition: Mr. Rick Finley rekindled **FBLA** at **MUHS** and our **students performed well** at the **state competition**. The students competed in over **24 events** against **1500 other students** from across the state. The events included Cyber Security, Job Interview, Public Speaking, Website Design, Economics, Entrepreneurship, Business Law, Business Procedures and many others. They brought home **five top ten finishes**, including **one 1st place** and **one 2nd place!!!** **Skylar Lemieux-Luque** won **1st place** in Business Procedures and **Virgil Van Proyen** won **2nd place** in Cyber Security. Both Skylar and Virgil qualify to go to Nationals in Nashville.

MATFORCE Video Contest: **MATFORCE** sponsored a contest for students to create videos that supported their mission. **Mr. Wood** supported student entries and **our students won 1st and 2nd place and tied for 3rd place!** Student teams will receive cash rewards at a ceremony on **May 8th** in Prescott.

Please let me know if you have any questions/concerns, but please **do not reply to all**. Have a great weekend!

Upcoming Events:
