

## **Jill Conant-OAESD Officer Council Chair-Elect Candidate**

"OAESD is one of the best organizations I have ever had the pleasure of being a part of. 19 separate ESDs joined together for the good of the students of Oregon. Amazing!

I have been associated with Malheur ESD since my 54 year old daughter started kindergarten and we found out she was hearing impaired. Since then ESDs have changed quite a bit. I am honored to be a board member, and I am inspired to see the work being done for kids, teachers, and communities statewide.

I served for three years in the chairmanship roles of OAESD ending in 2023. I think there is a lot of learning that happens in that three years. When I finished the third year, I had finally figured out what to do. I would love to get the opportunity to serve again as your chair-elect. We are at an exciting time in our organization with new leadership and energy. Please consider me for your next chair-elect."
