RE: Final Budget Presentation – FY 2023

DATE: September 27, 2022

On September 27, 2022, I will be presenting the final FY 2023 budget during the public hearing section of the board meeting. During that time, the Board of Education and the public will have an opportunity to ask questions related to the budget. Later in the meeting, the Board of Education will be asked to approve the budget.

The final budget reflects estimated total revenues received by the District of \$118,116,364 and total expenditures of \$122,947,815. Excluding a budgeted \$9.8 million in major capital expenses, the District is projected to incur an operating surplus of \$5 million. The projected \$38 million ending fund balance would result in approximately 3.7 months of operating reserves, which is within the District's 3-6 month fund balance policy.

If you have any questions or need additional information, please contact Dr. Shah and we will respond accordingly.
