

Greeting From FHS

OPEN HOUSE

Open house was held Wed. Aug. 27th, turnout seemed to be slightly higher than previous years. It's always a day filled with energy and excitement. It's always great to have students in the building. We also had a number of tables set up to showcase some of our activities.

START OF THE YEAR

The start of the year has gone well. It started with Senior Sunrise at 6:00 am on the first day. Well over 70 seniors were on hand by the time the sun(hidden by clouds) rose that morning. This has become a fun tradition for many seniors as they embark on their last year in high school. For some this is kind of an awakening that it is now real, they are seniors.

STAR READING TEST

As part of the Read Act we need to assess students that are not reading at grade level, this started today with the freshmen and will continue this week during flex with the other grades so that we can get the information we need to continue to support all learners.

HOMECOMING

Homecoming kicks off this Friday the 19th with Coronation at the end of the day and will continue all of next week, culminating with the Homecoming dance following the football game. Most of our activities will have at least one home contest that week to show their talents.

MCA DATA

10th grade reading scores

FHS 2025	57.9% proficient	State 51.3 %	95% of students tested
FHS 2024	44% proficient	State 52%	

11th grade math

FHS 2025	30.4%	State 34.9%	77% of students tested
FHS 2024	28.3%	State 35%	

FHS made gains in both subjects though our math scores are still below the state average, we will continue to look at our data and the strand information to find our weaknesses. We need to also work to get all of our students tested, we had 33 11th grade students opt out of MCA tests. This tends to be many of our PSEO students and students taking college classes, they don't see the importance since they are already in college classes.
