Re: Board Report

Looking Backwards:

Study Lunch has been successful for many of our classes; more students are turning their assignments in and not getting zeros.

Saturday School: We have added Saturday School for those students who need more time and support. Homedale High School honor society students are volunteering their time to come to Saturday school to tutor some of our at risk students who need help in some of their core subjects. They are receiving community service hours for their efforts.

After School HELP Program is continuing each Monday through Thursday from 3:15 – 4:15

SAT Test Prep classes are being provided in the mornings for juniors from 7 – 8 each Monday and Thursday.

Human Right Student Leadership Team: This group of six Homedale High School students have all been participating in a service learning online class. They are overseeing a dodge ball tournament during lunches 3-4 days per week. The goal of this intramural program is to promote the Eights Habits of the Heart at Homedale High School. The teams are made up of students and even a few staff members. It has been a lot of fun for the students and teachers. Also, each week the students have been promoting a different theme from the book [Eights Habits of the Heart](#).

February 15, 2014 FAFSA: All senior students are being helped with their FAFSA forms, and assistance is being offered to parents of senior students in filling these forms out, during school hours or after school. Appointments are made with Debbie Flaming, school counselor for this.

February 18, 2014 U-STRIVE: Approximately 25 Homedale High School Juniors filled out applications to participate in the U-STRIVE program. They traveled to Boise State University to meet with their BSU Honors student mentors on Saturday March 1st. They started meeting with their mentors on Wednesday March 5, 2014.

Homedale High School Seniors met HHS Alumni currently holding high-profile jobs in state government in Boise on February 19th. HHS seniors who participated were Jasmin Zeggar, Kylee Jenkins, Esteban Lejardi, Tell Hyer, and Emileen Noblit. Two staff also attended this event Debbie Flaming and Katie Anzalone. This was a great opportunity for our seniors to learn more about state agencies and our State Government. This was a great opportunity for our students. We hope to make this an annual event.

February 20, 2014 Lock Down Drill occurred at the High School with Homedale Police Department present. We did have some issues, but we will continue to train and practice. We will conduct another Lock Down Drill, a Fire Drill and possibly a Security Lock Down with drug dogs this month.

February 24, 2014 Homedale High School Parent Teacher Conferences: The HS had 84 out of 340 students come with their parents to meet with teachers during the parent teacher conferences. Our next parent teacher conference will be April 14th.

February 26, 2014 SAT Registration begins for Homedale High School Juniors.

March 4, 2014 Higher Ed Days at the High School was done for the Juniors. This gave Juniors the opportunity to explore college and career opportunities without leaving our campus. Vendors and Representatives came and set up in the Homedale gym.

March 10, 2014 Source of Strength: Debbie Flaming was chosen to be 1 of 14 trainers in the state of Idaho to be a Source of Strength trainer. She will be attending a two day training beginning on March 10th that will certify her as a trainer for this program. The purpose of this program will be to address teen suicide, bullying, and many other problems that teens encounter during their 12 years in the public school system. Homedale High School plans to participate in the Source of Strength training for the entire staff sometime during the 2014-15 school year.

Looking Forward:

March 14, 2014 End of 3rd Quarter

March 21st – March 30th Spring Break

March 12, 2014 The Go On Grant has recruited 50 10th and 11th grade students to be mentors of the incoming 2014 9th graders. Currently we have 30 girls and 20 boys who will be mentors. These students will meet with the 8th graders on March 12th to match up with their 8th grade mentees. On that date the 8th graders will come to the high school to take a tour of our building, learn about extracurricular opportunities at the high school. Then on May 7th they will get together again to work on their four year plan for their 4 years at the high school, and they will also do an interest inventory.

April 1st – May 16th

SBAC Testing for 9th, 10th, and 11th graders.

Science ISAT Testing for 10th graders

April 3, 2014
