

**DU PAGE ELEMENTARY SCHOOL DISTRICT 13**  
**BOARD OF EDUCATION**  
**Bloomington, Illinois**

Regular Meeting    October 23, 2023

**FOR DISCUSSION:**

**Subject:    Consolidation Study**

Over the past several weeks, I have shared with you a study developed by the League of Women Voters of Bloomington and Roselle regarding the consolidation of the elementary districts that feed into Lake Park High School District 108. With the study, other materials and data have been made available to you to better understand the process involved in undertaking the consolidation of school districts.

Recently, Mr. Lenisa received communication from a representative of the League seeking funding from the District to conduct a formal study on the topic. They have indicated that all of the elementary districts feeding into Lake Park would share a portion of the cost along with the State.

This is an opportunity to publicly discuss school consolidation as well as the proposal from the League to fund a study of the issue.
