

BOARD OF SCHOOL TRUSTEES  
KELLER INDEPENDENT SCHOOL DISTRICT

**4C. Preview**

**Date: October 10, 2005**

**SUBJECT: POLICY UPDATE 75**

**BOARD GOAL: All students will achieve educational excellence.**

**FISCAL NOTE: None**

**ANTICIPATED  
DATE FOR ACTION: October 24, 2005**

**Background Information:**

- 1. Update 75 is one of several significant policy manual changes we receive from TASB (Texas Association of School Boards) each year.
- 2. The Policy Committee has reviewed these changes.

**Administrative Considerations:**

- 1. Policies to be considered for adoption are on the following pages.
- 2. Update 75 reflects TASB's interpretation of Keller ISD local policy into the new statutes or guidelines.

The Texas Association of School Boards (TASB) periodically sends to its subscriber-districts significant updates that reflect changes in law or guidelines. Update 75 is the current version that the Board needs to address. Other updates this year are expected in November and early spring. Included in this update are policies for the Board to delete and adopt. TASB makes recommendations for content, format and usefulness of policies. We generally follow their recommendations but have reserved the right to adjust as the district determines the best response.

Attached is the Instruction Sheet from TASB and additional local information to clarify what action is anticipated on each policy.

+++++

Respectfully submitted,

Bill Newton, Ed. D.  
Assistant Superintendent of Administration
