Action

BACKGROUND INFORMATION: DEC Local concerns the District's Sick Leave Bank. It states that if the sick leave bank does not receive 75 days during the enrollment period, the sick leave bank will not be in operation during that school year.

RECOMMENDATION: Since the district reduced the number of local sick days from 7 to 2 days, it is recommended that the policy state, "If the sick leave bank does not receive 30 days during the enrollment period, the sick leave bank will not be in operation during that school year."

BOARD ACTION REQUIRED: (Sample Motion)

I move that Policy DEC (Local) be changed to read, ""If the sick leave bank does not receive 30 days during the enrollment period, the sick leave bank will not be in operation during that school year."
