

The background of the cover is a vibrant, stylized illustration of a landscape. In the foreground, there is a lush field of various colorful flowers, including purple, pink, red, and yellow blossoms, growing on a green hillside. The sky is a bright, clear blue, filled with large, soft white clouds that have a subtle purple shadow on their underside. Scattered throughout the sky are several four-pointed white stars of varying sizes. The overall aesthetic is bright, cheerful, and whimsical.

MUHS

Report

# *Blood drive*

**Mingus Union High School's recent blood drive collected 65 life-saving blood units through a combination of whole blood, Power Red, and plasma donations. With 16 first-time donors participating, these donations have the potential to impact the lives of up to 145 Arizona patients, showcasing the powerful impact of our school's commitment to service!**

# AASC State

Our students had an incredible experience at the Arizona Association of Student Councils (AASC) State Conference, Arizona's premier student leadership event that brings together hundreds of student leaders, advisors, and administrators from around the state. The three-day convention featured inspiring leadership sessions, dynamic guest speakers, energizing activities, and opportunities to network and grow as leaders. Many of our students returned motivated, equipped with new ideas for service and leadership. We are especially proud to share that our council won Council of Distinction, a statewide recognition of outstanding leadership and excellence!

# Community in Bloom

The MUHS Student Council will host Community in Bloom, a new community engagement event following the MUHS vs. Flagstaff baseball game on March 30. This fair will bring together local organizations, MUHS clubs, and businesses to showcase community resources for students and families while strengthening school-community partnerships. Vendors will support the event by donating themed raffle baskets for a silent auction benefiting Challenge Day, a program that promotes empathy, connection, and a positive school climate.

# *Important dates*

3/30 Community in Bloom

4/18 Prom
