

DEPT. OF FACILITIES
CONSTRUCTION REPORT
APRIL 2018

Submitted by: Reid Reagan

NAPI SPECIAL NEEDS ROOM:

Mattingly Arms reconstructing the Special Needs room at Napi, thru the SPED program. The work will consist of building 27' wall with 2 doors and moving the existing lighting/venting.

FACILITIES:

Bruco completed there survey and assessment of the gymnasiums, and would like to enter 3 year contract with HS, BES, to recoat/finish there floors. The 3 year deal would save about \$1100/year off the regular price, the Napi and MS gyms will still need to be refinished this summer but because of lesser square footage don't qualify for the 3 year contract.
