

IMPACT AID TECHNICAL ASSISTANCE WORKSHOPS

FISEF technical assistance workshops help school business officials and other staff who work on the Impact Aid application improve their understanding of Impact Aid and strengthen their skills on completing the application. These workshops, which are appropriate for both those new to Impact Aid and veterans in working with the program, cover a wide range of topics, including:

- Identifying eligible students
- Completing the Section 7003 application
- Understanding LOT
- Reading a school district voucher
- Estimating school district payments

Attendance is capped to ensure a personalized experience that meets participants' needs.

Interested in learning more? Download the tentative agenda (<https://www.nafisdc.org/wp-content/uploads/2024/08/FISEF-Workshop-Tentative-Agenda-Fall-2024.pdf>) *(subject to change based on individual workshop needs)*.
