

Wausau School District

Secondary School Unusually Hazardous Transportation Plan April 28, 2025

It is the mission of the Wausau School District to advance student learning, achievement, and success.

The Wausau School District presents this Unusually Hazardous Transportation (UHT) Plan to the Wisconsin Department of Public Instruction (DPI). Once approved, the students living in the identified areas, which are all within two miles from their respective secondary schools, will be offered transportation to and from school.

Wausau School District Secondary Unusually Hazardous Transportation Plan

April 28, 2025

John Muir Middle School and Wausau West High School

Unusually Hazardous Transportation (UHT) from Stewart Avenue from just West of South 39th Avenue going East to the West side of 17th Avenue. Continue North on the West side of 17th Avenue to Bridge Street. Continue West along Bridge Street to Westwood Drive. Continue Southwest along Westwood Drive over to North 28th Avenue. Continue North on North 28th Avenue to West Wausau Ave. Continue West on West Wausau Avenue to just West of North 30th Avenue. Continue South to just Northeast of North 32nd Avenue and Maple Hill Drive intersection. Continue West going just North of the North 32nd Avenue and Maple Hill Drive intersection until you are just Northwest of said intersection. Continue diagonally Southwest to Hilltop Avenue just West of North 36th Ave. Continue South to just Northwest of the Emerald Drive and 36th Avenue intersection. Continue West to just East of Stettin Drive and then South to Stewart Avenue.

This area is identified as hazardous for secondary level students because of high traffic counts, there are limited traffic lights, vehicles traveling at a high rate of speed, lack of sidewalks and lack of crossing guards. The UHT area will be offered Metro Ride bus service for free.
