Food Service Board Report May 16th, 2019

Food Service Department updates:

❖ **STEAM week went great!**

- The two meal choices and serving areas made service pretty smooth and keep the wait time down.

❖ **Summer Food Service Program**

- We have been approved to operate the summer food service program in Thorne Bay during the summer months.
- Menus for the entire summer are complete and posted on the district website.
- Menus will also be handed out the last week of school to all students and staff
- Flyers for the program will be posted throughout town and on Thorne Bay's Facebook page
- The program will begin the first week of June and end on August 16th
- Meals will be served Monday thru Friday at 8:30 - 9:00am Breakfast and 12:30 - 1:00pm for Lunch

❖ **Highlights from the 2018-2019 school year**

- We switched from paper ware to washables in Thorne Bay.
 - Sustaining this will save the district \$5,000 or more yearly
- I created new counting procedures for our CEP schools that are within the NSLP guidelines
- I streamlined the ordering and inventorying procedures for POW's sites

Thank you for a great school year,

Naomi M. McDonald
