RE: Summer School 2005-06
Date: 1/19/07

During the summer of 2006, Beeville ISD operated five summer programs. Elementary summer school for grades K – 6 was held at Thomas Jefferson Intermediate School. Belinda Aguirre and Martina Villarreal served as principals.

Summer school for grades 7 and 8 was held at Moreno Junior High. Annette Sanchez served as principal.

Two high school programs were held at the Learning Resource Center. Academic summer school provided the opportunity for students to take classes for credit. Credit recovery classes for students in grades 9 – 12 allowed students to earn a 70 in up to three classes if their final average was 50 or better.

The TAKS remediation classes and summer TAKS test administration were conducted on the high school campus.

The following attachment presents summer school results.
