Mr. Paul Martinez	Joe Dale Sparks Campus
Dr. Chris Rangel	Ann Windle School for Young Children

President, Board of Trustees  
Denton Independent School District  
P.O. Box 2387  
Denton, Texas 76202

Dear President:

Enclosed you will find the budget proposal for the 2026-27 school year. The budget proposal contains an executive summary, which is a high-level financial review of the District, both from a historical perspective and with budget comparisons and information for future planning. Following the executive summary is a detailed review of the budget information by fund. We hope this additional information will continue to meet the desire of the Board and leadership team for transparency and give the Board, employees and community insight into the complex financial aspects of the Denton Independent School District.

Overall, our District remains in solid financial condition despite the significant and ongoing fiduciary challenges we have battled over the past several years. The funding bill passed by the most recent 89<sup>th</sup> Legislature did add significant revenues to the public school system in Texas. However, the majority of those new revenues did not come as discretionary funds for school districts, but rather were designated for specific purposes – most notably, a substantive compensation increase for classroom teachers and a large influx of State dollars to offset mandated property tax reductions. As we have highlighted in many recent discussions, the basic allotment (BA) in our state revenue funding formulas – the largest measure of our discretionary funding – has not been significantly increased since 2019, during the same time when costs have increased dramatically due in large part to significant inflationary growth. The 89<sup>th</sup> Legislature did increase the BA by \$55 (from \$6160 to \$6215).

A few factors that have contributed to our financial position in the past year are as follows:

- Stakeholders in Denton ISD supported the passage of a Voter Approval Tax Ratification Election (VATRE) in November 2025, which allowed the District to increase its Maintenance and Operations (M&O) tax rate by 5 cents, accessing our remaining 2 “golden” pennies and 3 of the available 9 “copper” pennies. This resulted in an estimated additional \$27M in M&O funding for FY26, and provides a sustainable source of additional M&O revenue for the years to come.
- Moderated student growth – Denton ISD enrollment actually decreased slightly as of the close of the 25-26 school year, ending unofficially with 32,955 students (compared to 33,274 at the end of 2024-25).
- Growth in appraised value with approximately \$1.2 billion dollars in new property added to the appraisal rolls plus an additional \$2.3 billion dollars in existing property value growth since 2025 (*as of the preliminary report from DCAD – 6/1/26*)
- Outstanding staff and leadership team
- Solid cash flow strategies and an intentional, longer-range investment outlook to capitalize on favorable interest rates with available reserve funds

- Significant work by district and campus leadership to implement a *priority-based* budgeting strategy at all levels and to continue to reduce non-campus personnel through attrition, where possible, in an attempt to create efficiencies that will protect funding for the classrooms
- Opportunity to reduce principal on existing debt

Included in the budget proposal for FY27 is a small projected surplus for the General Fund, with anticipated revenues slightly exceeding proposed expenditures for the first time in several years. With the additional M&O revenues added from the VATRE and a continued highly conservative approach to the preparation of the expenditure budget, we also project to stop the decline that our general fund balance has seen over the past few years, and to return it to a much healthier position as of the end of FY26. As before, the district will continue to monitor the budget throughout the year and make adjustments wherever needed to reduce deficits where possible.

Please note that this budget proposal includes annual compensation increases for all employee groups in the district; specifically, teachers will receive an additional 4% of the market median and all other staff will receive 2% of the midpoint of their current pay grades. These increases are on top of the additional mid-year 1% salary increase that was added in the 25-26 school year for all employees in March, 2026. Denton ISD understands that it is especially important to continue to recognize the efforts put forth by our employees and to attempt to maintain salary competitiveness in the market.

Once the 2026-27 budget is approved and in motion, we will promptly move forward into the financial planning process for the following school year with the intent of maintaining our balanced budget status in future fiscal years. As we have to this point, we will remain laser-focused on prioritizing expenditures to the greatest benefit for our students and teachers. Please do not hesitate to contact us if you have any additional questions.

Respectfully submitted,

Jeremy Thompson, Ed.D.  
Deputy Superintendent

Jennifer Stewart, RTSBA  
Executive Director of Budget

BUDGET PLANNING CALENDAR  
FOR SCHOOL YEAR 2026-2027**

October 22	C4 budget information
November 6	Campus Zone Boot Camps – Denton Zone and Guyer Zone
November 13	Campus Zone Boot Camps – Ryan Zone and Braswell Zone
November – June	Budget Committee meets to review budget requests and develop the proposed budget for the 2026-2027 fiscal year.
January - June	Budget workshops with Board of Trustees, as required. Board conducts preliminary budget discussions and receives a progress report and updates on property values, attendance, legislation, and salary projections.
December 17	Budget department will distribute Budget Instruction Manual to departments
January 9	Budget Work Sessions - departments First Friday Forum
January 12	Budget Work Sessions - departments
January 13	Board meeting – budget workshop
February 5	Campus Staffing Day 1
February 6	Campus Staffing Day 2
February 6	First Friday Forum
February 10	Board meeting – budget workshop
February 11	Campus Staffing Day 3
February 11	Department Budget Allocation Tool complete
February 13	Campus Staffing Day 4
February 18	Department Budget Allocation Tool – Area Superintendent review complete
February 18	Budget department will distribute campus budgets
February 20	Divisional budget presentations – group #1

February 27	Divisional budget presentations – group #2
March 5	Budget Work Sessions – campuses
March 18	Budget status notifications sent to departments (with revision instructions, if necessary)
March 20	Campus Budget Allocation Tool completed by campus
March 24	Board meeting – budget workshop
March 25	Budget Allocation Tool revisions complete (if applicable)
April 1 – May 23	Business office compiles budgetary data
April 1	<b>Final</b> complete status of campus and departmental Budget Allocation Tools (by 5:00 pm)
April 3	First Friday Forum
April 14	Board meeting – budget workshop
April – May	Mailing of notices of appraised value by Chief Appraiser
April 30	The Chief Appraiser prepares and certifies the Assessor for each school district participating in the appraisal district an estimate of the taxable value of property in that taxing unit. The Chief Appraiser assists each school district in determining values of property in that taxing unit for the taxing unit’s budgetary purposes.
May 2	First Friday Forum – end of year information and reminders
May 6	Notice for meeting – three full business days prior to meeting
May 12	Board meeting – budget workshop; meeting of Board of Trustees to decide on public meeting date on budget and proposed tax rate
May 15	Deadline for submitting appraisal records to ARB
May 19	Budget office to send Notice of Public Hearing on Budget and Tax Rate to Denton Record Chronicle
May 22	Last day for campus/departments to submit budget amendment for current year
May 23	Notice of Public Hearing on Budget and Tax Rate to run in Denton Record Chronicle

May 23	Complete all required website postings
June 3	Notice for meeting – three full business days prior to meeting
June 9	Board Meeting - Public Hearing on Budget and Tax Rate 6:00 pm – Stephens Administration Building
June 9	Board of Trustees to Adopt the Budget
June 10	Complete all required website postings
June 16	Board meeting – Board of Trustees to consider approval of final budget amendment for 2025-2026
June 30	Last day of 2025-2026 fiscal year
July 1	First day of 2026-2027 annual budget
July 15	Deadline for commissioner of education to send notice to school districts required to equalize wealth
July 20	Deadline for ARB to approve appraisal records
July 25	Deadline for chief appraiser to certify rolls to taxing units
July/August	District submits certified values to Texas Education Agency
August	Texas Education Agency assigns tax rate
August 1	Certification of anticipated collection rate by collector
August-September	Complete truth in taxation requirements
September 22	Board meeting – Board of Trustees to consider adoption of tax rate
September 29	Tax rate due to Denton County Tax Assessor Collector
October	Approve tax levy roll The Tax Assessor prepares and mails tax bills
November 10	Board meeting – Board of Trustees to consider certification of tax levy for tax year 2026

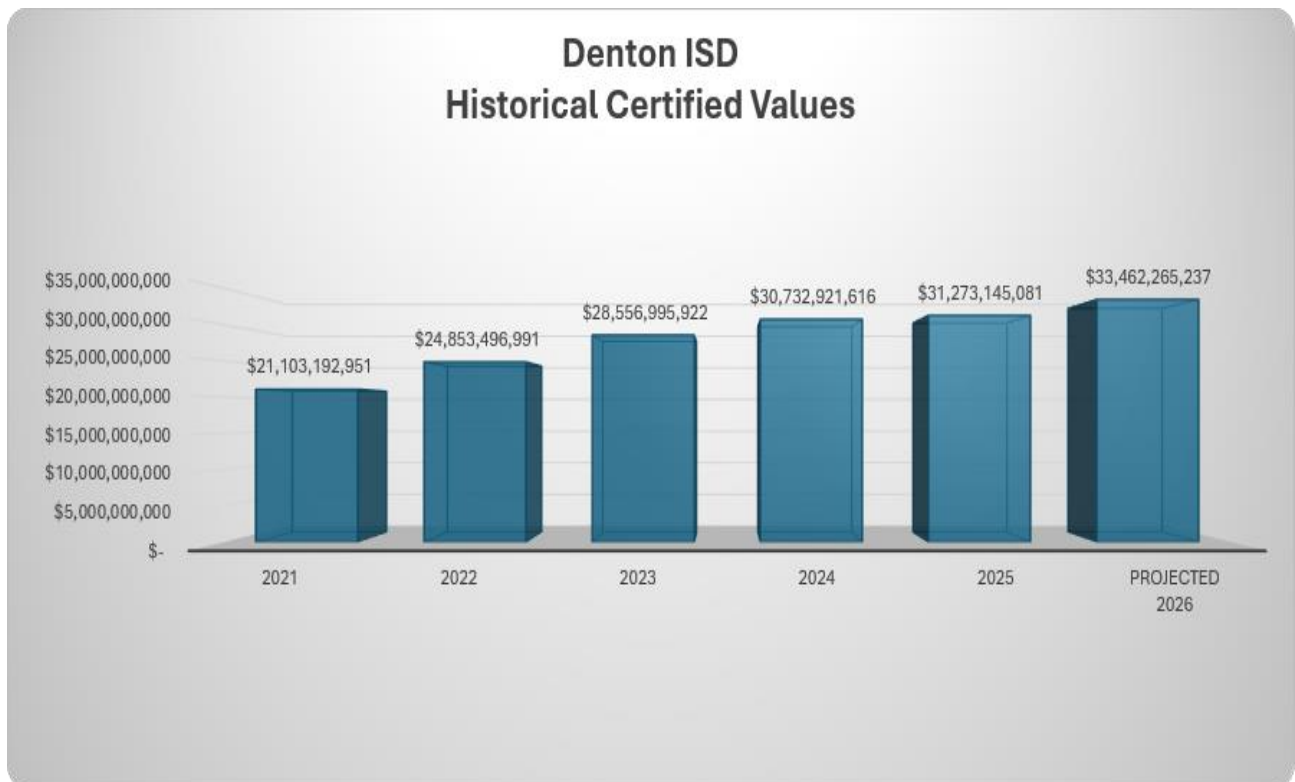

**Denton Independent School District  
Executive Summary  
for the 2026-27 Budget Year**

# Appraised Value and Tax Rate

Denton ISD continues to see strong appraisal growth with more than \$33.4 billion in preliminary taxable value projected for the 2026 tax year. The \$2.19 billion estimated increase over prior year values consists of more than \$1.2 billion in new property added to the appraisal roll. Also, the Top Ten Taxpayers (see page ES-2) only account for 4.177% of our tax roll market value.

Page ES-2 contains a graph illustrating the tax rate set by the Board for the last seven years. For the seventh year in a row, the Board will reduce the tax rate – cumulatively, the Board is proposing to adopt a rate for 2026-27 which will be over 20 cents less (per \$100 of taxable value) than the rate adopted in the 2019-20 school year. While the Maximum Compressed Rate (MCR) has not been confirmed by TEA at this point, we currently expect to be compressed to the allowable floor again due to the rate of our property value growth. As such, the 2026-27 budget is based on current law at the lowest allowable maintenance and operation tax rate, which we preliminarily estimate to be set at \$0.7269 (per \$100 of value).

It is important to remember increases in appraised value do not increase the overall revenue in the general fund. The higher the appraised value, the more taxes are required to be collected by the local taxing entity and the state offsets that amount by sending less state revenue to equal the same amount per student. It is important to keep in mind that higher local appraised values ultimately benefit the State budget as they send less State revenue is required to fulfill our District entitlementment.

## Denton Independent School District Top Ten Taxpayers ~ 2025 Tax Year

Taxpayer	Taxable Assessed Value	Rank	Percentage of Total Taxable Assessed Value
<b>PACCAR INC (combined)</b>	\$338,518,527 \$130,686,416	<b>1</b>	1.33%

# State Foundation Revenue and Impact of Legislation

With the passage of HB 3 in the 86<sup>th</sup> Legislative session (2019), the Legislature increased state funding in public education, improved equity, and lowered property tax rates. While the revenue formula approved in the 86<sup>th</sup> legislature has been modified slightly in each successive session, it continues to be based primarily on student attendance in the regular classroom and in special settings. Ultimately, the formula restricts overall state foundation and local tax revenue growth and does not provide additional discretionary revenue without additional student growth or improved student attendance rates.

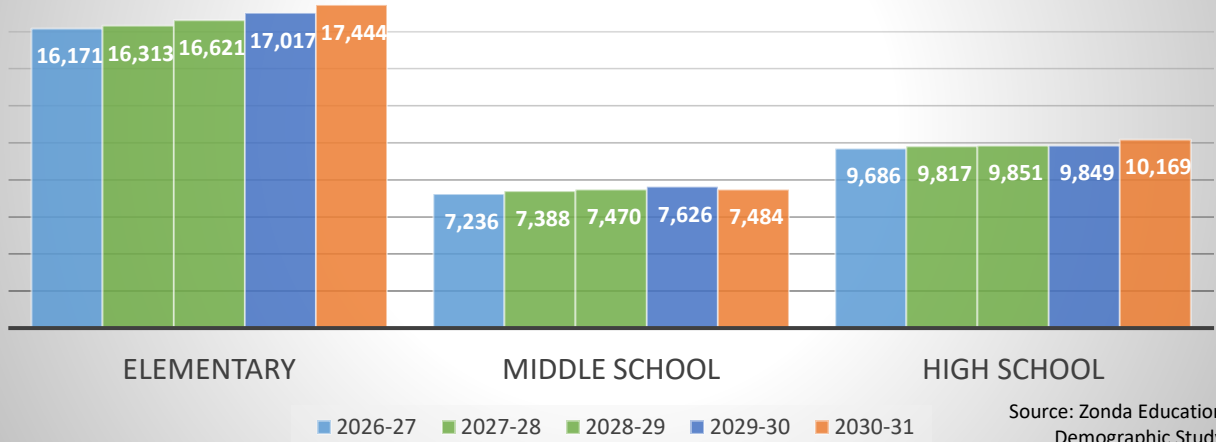

The revenue model is driven by the basic allotment (BA), which is funded by the State. The BA set in 2019 during the 86<sup>th</sup> Legislative session was increased for the first time in six years by the 89<sup>th</sup> Legislature in 2025 by \$55, to its current rate of \$6215. In the 87<sup>th</sup> and 88<sup>th</sup> Legislative sessions (including multiple called special sessions following the 88<sup>th</sup>), no action was taken to increase the BA in order to provide additional foundational funding for Texas public schools. This effectively created an *appropriations deficit* that contributed in large part to our ongoing fiscal challenges in recent years.

Although Denton ISD has been a fast growth district, student enrollment growth has plateaued somewhat, and the District has actually experienced an overall decline in total student enrollment in FY26 for the first time in many years. This mirrors a Statewide trend in student enrollment decline with Texas enrolling roughly 76,000 fewer students this academic year statewide, according to an article from *The Texas Tribune* published on May 11, 2026. While demographic modeling reflects continued (yet moderated) student growth for the foreseeable future (see graphic on page ES-5), due to declining attendance rates following the pandemic closures coupled with a high mobility rate in portions of our district, our Average Daily Attendance has not entirely kept pace with our slowing enrollment growth. In projecting ADA for the 2026-27 school year, we have taken into account the level of enrollment and attendance over the past 5 years (see graphic below on page ES-4), and specifically the data as we ended 2025-26, closing this school year with approximately 32,955 active/enrolled students (including almost 1500 Pre-K students). With an estimated attendance rate of 94.65% for the year, this results in an estimated Average Daily Attendance (ADA) of approximately 30,355. The 24-25 budget was initially built on an estimated ADA of 31,075, which was ultimately an overestimation of our final ADA by more than 350 students. The 25-26 budget was built on a reduced ADA of 30,800, and District staff has chosen to maintain that projected ADA estimate again in building the revenue budget for FY27, reflecting a continued conservative mindset. It remains to be seen what, if any, effect new school choice (voucher) legislation will have on public school enrollment in the coming year for our District and for public schools Statewide.

## Denton ISD Five-Year Demographic Projections

## Revenue and Expenditure Comparisons

The District’s overall revenue structure remains generally healthy and largely consistent at present. Local tax dollars continue to fund the significant percentage of our General Fund revenue picture (see graph below). Note that federal funds currently account for less than 1% of total general fund revenues. In spite of continued significant growth in local property values, due in large part to legislated property tax relief in the form of increased homestead and other exemptions (passed in the 89<sup>th</sup> Session and ratified by voters in November 2025), the local tax revenue as a percentage of total General Fund revenue will decrease slightly in 2026-27 (down from 72.21% in FY26). Specifically, the 89<sup>th</sup> Legislature passed SB4 which increased the Homestead Exemption from \$100K to \$140K for most taxpayers and SB23 which increased the total exemption for Over-65 and Disabled Texans to a record \$200K. Additionally, HB9 was passed which raises the Business Personal Property tax exemption for small businesses in Texas from \$2500 to \$125,000, effective in the coming tax year. The passage of these three amendments ultimately reduced the taxable value portion of our growing property values and led to this change in the ratio of local and State funding. This occurs due to the reciprocal relationship between state revenue and local tax revenue in the state foundation revenue formula.

Note that the District M&O tax rate has been consistently compressed to the tax rate floor for Maintenance and Operations (which statute requires as a result of the rapid growth in our local property values as compared to the State). It is important to note here that the size of the District's M&O funding "bucket" is not affected at all by these changes in local property values; rather, such changes only determine who bears the greater burden (State or local taxpayers) for filling up our bucket.

One additional note: thanks to the strong support of local taxpayers, the District was successful in passing a Voter Approval Tax Ratification Election (VATRE) in November, 2025, which granted access to an additional five cents of Tier 2 "enrichment" M&O funding. Two of the five additional cents worth of M&O tax rate are referred to as "golden" pennies (now giving the District access to all eight available golden pennies), with the other three pennies giving the District access to three of the nine available "copper" pennies of Tier 2 funding. This authorization provided approximately \$27 million of additional M&O funding for the District in FY26, and for future fiscal years as well.

Relating to expenditures, there were six major areas of focus that defined our 2026-27 budget priorities throughout the budget development process.

1. Allocation of resources to meet our greatest needs;
2. Maintain our primary focus on teaching and learning;
3. Program sustainability;
4. Competitive compensation plan;
5. Fund Balance integrity;
6. Balanced budget

In comparing our proposed expenditure budget for 2026-27, the first item to note is that the payroll portion of the budget reflects new compensation increases for all personnel in the district as outlined previously, and additionally includes the absorption of a number of staffing positions, largely through the planned closure of an elementary campus and through maintenance of class size ratios established in preparing the 25-26 budgets. These staffing reductions were accomplished largely through attrition – all staff in good standing were able to keep a job with the district if they desired to do so.

This year, the District continued implementation of a priority-based budgeting strategy for all district department budgets. Campus budgets were not reduced from FY26 formula amounts. This highly intentional work by department and campus leadership this Spring has become the model for District budget efforts going forward.

The total General Fund budget proposal reflects an increase of 10.11% (\$34,885,163), as compared to last year's adopted budget. This increase is due in large part to significant compensation increases for all staff (with a greater percentage going to classroom teachers) which were both mandated at the State level and further supplemented by local Board decisions. Additionally, we have continued a monumental effort on the part of all leadership

and staff to continue to reduce budget where possible from FY26 to FY27 in spite of continued increases in fixed costs (utilities, insurance, supplies, etc.) and an effort to return needed supports to the classroom and departments which were reduced prior in prior years due to budget shortfalls.

We emphasize again the long-term concern for our revenue picture in spite of new revenues appropriated by the 89<sup>th</sup> Legislative session and additional Tier 2 funds afforded by the recent VATRE. More than half of the new funding provided by the Legislature came with mandates for new spending requirements for teacher and other non-administrative salary increases (which we continue to heartily applaud!). Additionally, many of the new dollars in State funding for public education will simply be allocated to offset the mandated property tax relief, which we also applaud. As noted previously, this funding dedicated specifically for property tax relief will not ultimately increase the size of our operational school funding bucket.

We will continue to vigilantly monitor economic conditions and adjust our budget as possible based on the funding we will receive as we operate during the 2026-27 school year and plan for the 2027-28 school year. We will begin to prepare for the FY28 budget as quickly as we begin the 26-27 school year with the mission to function efficiently and effectively for our students and staff, and to continue to rebuild our general fund balance.

## **General Fund – Fund Balance**

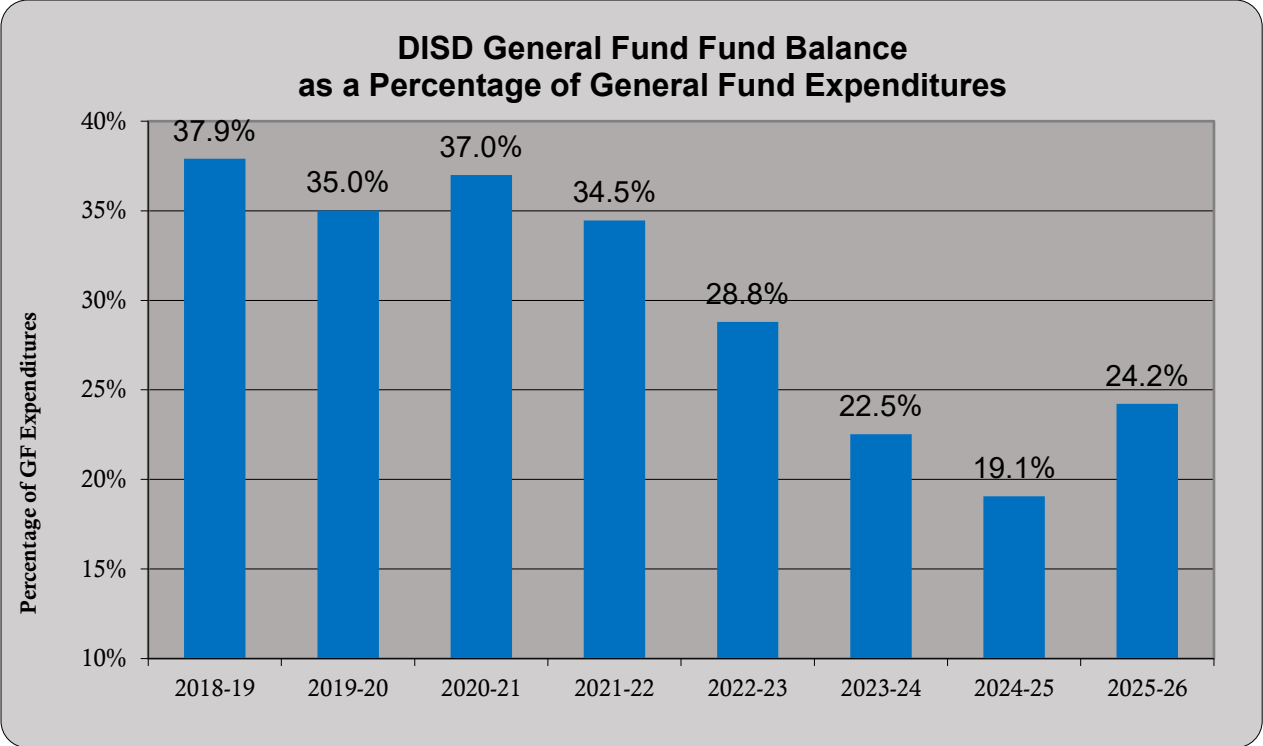

The General Fund fund balance has traditionally shown consistent growth in line with the Board goal of maintaining a total general operating fund balance of 25% of the District's total general operating fund expenditures (Board Policy CE-Local). Prior to FY23, the General Fund fund balance consistently reflected an amount over 25%. As depicted in the following graphs, the past years illustrate a very prudent and conservative system of financial management by the Board and leadership team. The information reflected in the graphs was extracted from the independently audited financial statements for the corresponding year.

Since the COVID-19 pandemic, revenue and expenditures have not followed historical trends and projections. The goal has always been to provide the necessary instruction to keep our students on track. Continuing with this primary goal has required the district to tap in to the General Fund fund balance in previous fiscal years to fill the gaps resulting from the State-level appropriations deficits in revenues needed to mitigate the impacts of significant inflation since 2019. The Elementary and Secondary School Emergency Relief (ESSER) funds were creatively utilized during the pandemic years for some allowable expenditures to help mitigate the need for pulling from our general fund reserves in spite of a lack of new funding from State levels. As such, the District was able to maintain a healthy fund balance through the end of the 2021-22 fiscal year. Ultimately, the federal grant assistance provided by ESSER was fully expended by June, 2024.

Thus, the static nature of the school funding formula in our State since 2019, coupled with significant cost increases for goods and services due to inflation as well as challenges related to enrollment and attendance rates led to back-to-back years of deficits in the general fund budget. As such, the General Fund fund balance decreased precipitously from 2021-22 to 2023-24. This effect can be seen in the graph on page ES-8.

Through ongoing diligent work from District staff to maximize all other revenue sources and reduce expenditures to the greatest extent possible, the District has been able to both return to the proposal of a balanced budget for FY27, as well as to reverse the trend of reducing the General Fund fund balance in an effort to build back to a healthy reserve.

## Debt Service

Denton Independent School District voters successfully passed a \$1.4B bond on May 6, 2023, with no increase in the tax rate. This bond package is currently funding capital expenditures to manage the growth of the District, long-term maintenance, and renovation needs of current District facilities. The first sale of these bonds occurred on July 11, 2023, and the initial issuance was funded in August, 2023. The District’s debt management practice allows up to 25%-30% outstanding bonded debt to be issued as variable rate bonds. The goal is to prudently hedge risk to give the taxpayers the most efficient financing terms. The District sold the remaining \$3.82M of 2023-approved bonds in the summer of 2025 to complete the projects agreed upon in the 2023 Bond Program. This sale included \$181,995,000 (Series 2025-A) as fixed-rate bonds, and \$200,000,000 (Series 2025-B) as variable-rate bonds (which represent less than 10% of the District’s total outstanding bonded debt).

As reflected in the graph below, the District’s Debt Service fund balance is healthy and falls well within the guidelines and priorities established by the Board. Note that the 2025-26 fund balance amount is an estimate, and will be utilized to offset the scheduled bond payments due in August 2026.

The debt service payment plan for 2026-27 is projected to generate \$165,705,507 in revenue from local taxes at the current interest and sinking tax rate of \$0.48 (per \$100 in value), which will be used in conjunction with ASAFE State funding, delinquent tax collections, and interest earnings to pay the current estimated outstanding debt payments of \$191,679,392.

**Template for Estimating Total State Aid - Property of BOK Financial Securities, Inc.**  
by Omar Garcia, BOK Financial Securities, Inc.

This template is designed to calculate state revenue based on the school finance provisions enacted by the 88th & 89th Session of the Texas Legislature and is based on my current understanding of those provisions and of previous laws. TEA is the official source for determining state aid.  
**MY UNDERSTANDING IS ABSOLUTELY SUBJECT TO CHANGE AT ANY TIME.**

THE WHITE-SHADED DATA ENTRY CELLS ARE CARRIED OVER FROM THE PRIOR YEAR, BUT CAN BE CHANGED IF SO DESIRED.			
THE LIGHT GREEN-SHADED CELLS ARE AUTO-LOADED & SHOULD NOT BE CHANGED UNLESS YOU ARE ABSOLUTELY SURE THE DATA LOADED IS INCORRECT.			
THE LIGHT YELLOW-SHADED CELLS REQUIRE DATA ENTRY, IF APPLICABLE.

244	249	5	2.05%
<b>32,203</b>	<b>33,163</b>	<b>961</b>	<b>2.98%</b>

Note 1: Elementary campus allocations are based on the greater of the 2026-2027 projected enrollment multiplied by the per pupil allotment or \$40,000.  
 Note 2: Beginning 2026-2027, elementary campus enrollment numbers include all PreK enrollment. This will skew the 2026-2027 enrollment change (column H) due to this being year one of this adjusted process.
