6. Public Comments

Pat Rogan – CDC decided today that masks do nothing. England government will not make any more mandates.

Greta Andrews – Reads a letter she wrote to the school board. By knowingly allowing close contacts to remain in the school they are saying her health doesn't matter. She is requesting a tracking program within the school to do contact tracing. Educational rights and responsibilities are unbalanced and feels her surroundings are unsafe.

Colin Rice – Thanks for the update to the mitigation plan that will allow normalcy to return. States that a majority of the student body supports the changes.

Emily Harding – Thanks the teachers showing up each day! States positives about current teachers and how they helped her as she came up in this school system. States current health concerns other than covid. Obesity and mental health will be impacted by school closures.

Rusty Reynolds – Leaves a comment on chat for the board about the school needing to do temp checks, masking and meals in classrooms.

Rick Marvin – Feels very confident in the choice with mitigation plan in place and feels safe allowing his children to be in the school.

7. Reports

- a. Board Members

Trish Conatser – thanks teachers and staff for supporting the meeting last week. Thanks maintenance. All others none to add.

We became aware of additional funding for our CHS biomass project after the report was released last week. We submitted an application for gap funding for our biomass project at the high school.
