Compliance With Board Operating Procedures

Individual Board Members are encouraged to express their concerns about a Board Member's compliance with Board Operating Procedures directly with that member, verbally, followed by any written communication. If needed, the following steps will be taken for further action:

1. If the issue isn't resolved after personal discussions between the individuals involved, then discussion with the Board President or Presiding Officer is appropriate. The Board President or Presiding Officer shall discuss the concern with the Board Member in question on behalf of the individual concerned, or the President or Presiding Officer shall moderate a discussion between those involved. If the concern involves the Board President or Presiding Officer, the Board Vice President shall serve this role.
2. If the issue still isn't resolved, the Board President or Presiding Officer shall place an item on the next meeting agenda for a Closed/Executive Session posted as "Deliberation of Duties of a Public Officer." Alternatively, any Board Member can notify the Board President or Presiding Officer and request the item be placed on the next meeting agenda, but the Board President or Presiding Officer will have final discretion. However, if two or more Board Members request the item be placed on an agenda, the item shall be placed on the agenda.
3. In Closed/Executive Session, the individuals with the concern shall state their concern and provide specific examples to support that concern and the Board shall discuss the concern. Among other options to resolve the matter in Closed/Executive Session, Board Members may encourage the Board Member to attend specific training related to the Board Operating Procedures.
4. If the Board Member in question does not believe his or her behavior is in conflict with Board Operating Procedures even in the Closed/Executive Session discussion, the matter will be addressed by majority vote of the Board in open session, with options including, but not limited to, the following (also reference in the VIOLATIONS and SANCTIONS section):
 - a. Require the Board Member to attend specific training related to the Board Operating Procedures.
 - b. Removal from any Board-appointed office.
 - c. Formally reprimanded at a formal meeting.

Discussions about compliance concerns should be intended to resolve the concern while avoiding any punitive actions. Discussions could include reminding the Board Member whose behavior is in question about the adopted Board Operating Procedures and how the questionable behavior does not comply with those procedures. The discussion could also identify more appropriate alternatives to the questionable behavior or refer the Board Member to policies or procedures that outline approved ways to deal with the issue that prompted the questionable behavior.

The Superintendent is encouraged, by these procedures, to report compliance concerns to the Board President or the Vice President; however, Board Members will not take concerns about fellow Board Members to the Superintendent.

Violations And Sanctions

1. Upon inclusion on the agenda and public posting in accordance with the law, the Board may convene in executive session to discuss a violation of the Code of Conduct and Board Operating Procedures, or other board policies, so long as the deliberation is confined to the duties, discipline, or complaint against a board member.
2. The board member may request that the deliberation be conducted in open session.
3. As a consequence of these deliberations, the Board may elect to do nothing, may reconvene in open session and vote to:
 - a. Publicly reprimand the board member
 - b. Recommend additional training for the board member
 - c. Authorize the Board President or Presiding Officer to remove the board member from leadership positions in the District. Leadership positions include board officer positions and membership on any district or campus level committee. The Board may utilize any or all of these sanctions as allowed by this section.
4. Nothing provided herein shall be construed to alter, modify, or limit in any way the rights of school district personnel and members of the public to file complaints against the board or board members under applicable board policies.
