

Collin County Community College District Board of Trustees

2016-5-3

May 3, 2016
H. Neil Matkin
District President

TITLE: Approval of College Vision Statement: **“Delivering a brighter future for our students and communities.”**

Collin College established its current Mission Statement in 2001. It has stood the test of time and continues to convey our core purpose and focus, **Collin College’s Mission Statement:** *“Collin College is a student and community-centered institution committed to developing skills, strengthening character, and challenging the intellect.”*

As we prepare to launch a new strategic plan and a new master plan for the college, we are proposing the adoption of a Collin College Vision Statement to accompany this mission statement to communicate our aspirations for the future.

How we arrived at this recommendation:

To initiate the discussion about vision statements, a college-wide process was launched in January 2016 soliciting input from the college community. Concurrently, a Vision Statement Review Committee comprised of faculty and administrators was established. The committee reviewed the ideas that were submitted from dozens of faculty and staff. The committee reached consensus on what they saw as the top submissions from the broader college community and forwarded these for review by the Leadership Team in March.

Input from the Leadership Team was compiled and combined with the insights generated by the Vision Statement Review Committee. These materials were shared with the college’s executive leadership for further refinement and discussion and resulted in this recommendation for discussion and consideration by the Board of Trustees.

DISTRICT PRESIDENT’S RECOMMENDATION:

The District President recommends approval of the Collin College Vision Statement, **“Delivering a brighter future for our students and communities.”**

SUGGESTED MOTION:

“Mr. Chairman, I make a motion that the Board of Trustees of Collin County Community College District approves the Collin College Vision Statement, **“Delivering a brighter future for our students and communities.”**”
