

Director of Special Education Board Report

June 18, 2025

The Consolidated grant has been submitted to the state and we are waiting for final approval. This grant allows us to access Title grants, IDEA grants, and Preschool grants. Our grant team worked hard on getting this done in a timely manner well before it was due to the state.

The IDEA grants have been completed and submitted to the state. This money is used to provide staff, evaluation tools, online IEP/Eval program, and professional development to name a few.

We are currently moving files from active to inactive and inactive to removed. This is done every summer and follows all special education guidelines.

Soon we will be going through student records and begin assigning case managers to students.

During the summer we also begin to work on data submissions due in August along with closing out grants.
