Board Report
May 2024

Track

We have 16 boys and 4 girls qualify for the State track meet. Our track team was able to compete in all track meets with exception of the Cut Bank and Browning track meets due to the weather. We had a record number of kids out for track this year at 111 kids. Coach Miller and staff were very excited with the athletes that came out for the season.

Softball

We have 14 girls out for softball. The team competed at the Divisional Softball Tournament in Polson. They played Hamilton and Ronan at the tournament.

Tennis

We have 6 girls and 2 boys out for tennis. The teams were able to play in 5 tennis matches and did great at playing in singles matches and doubles matches. We hosted Polson at Browning for our only home match of the season. Our girls team played very well.

Baseball

We had 17 boys out for baseball. They have played in sixteen games and played well. What we lack in playing experience as players we make up in the will to learn and get better and have fun. The Coaching staff was very proud of our team, we had a great mixture of athletes out there giving it there best effort each night at practice. We will only get better.
