ACTION

**BACKGROUND INFORMATION**

Food Service Manager Ludy Vargas and Consultant Alfred Walker have shared with me information I did not have when we considered meal pricing for 2011-2012 previously. You approved Adult meal prices different from those recommended by them. Alfred wants to make sure you are aware of some factors we did not consider previously before we make the previously adopted Adult prices permanent.

**ADMINISTRATIVE RECOMMENDATION**

Recommendation will be explained at Meeting.
