Dr. Cox and Minidoka County School Board

Below you will see a preliminary plan for PD days next year for Mt. Harrison High school. We appreciate the flexibility for our staff to try something new. This will be similar to Minico High School's. It will enable us to have our staff and Minco's staff collaborate on 2 or 3 occasions. Our plan would be something like the list below:

Meet nine times during the school year after school. Each time would be for 1.75 hours for a total of 15.75 hours.

These meetings would occur after school (3:45 - 5:30). We would meet once in September, twice in October, once in November, once in December, once in January, twice in February, and once in March.

The days we would exchange for these after school PD sessions would be Tuesday, January 2 and Friday, April 27. The other days of PD would be full days as listed on the calendar.

We would meet items such as MTSS/ RTI, Analyzing and using data effectively, using Milepost effectively, effective classroom engagement, highly effective questioning, student/student collaboration, a book study and other items as necessary.
