ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: February 20, 2023

AGENDA ITEM: District Instructional Focus and 2022-2023 Middle of Year Screener Data

PRESENTER: Dr. Amber Crissey: Assistant Superintendent of Curriculum & Instruction and Candace Summerhill: Director of Assessment & Accountability

BACKGROUND INFORMATION:

- The district instructional data dashboard provides the district with a systematic process for gathering multiple data points to track implementation levels of the district focus areas and to monitor student progress data throughout the school year.
- Aledo ISD measures academic progress in reading and math utilizing the following universal screeners:
  - Circle Progress Monitoring: Pre-K reading and math
  - mCLASS Texas: K-2 reading
  - Developmental Reading Assessment: K-2 reading
  - IXL Diagnostic: K-2 math
  - MAP Growth: 3-8 reading and math/Algebra I/English I & II
- Universal screeners are given to all students within the same grade level to determine reading and math proficiency levels. These results are used to determine if a student is on, above or below grade level in foundational skills. Students who are identified as significantly below grade level are further reviewed by the site-based committee for Tier 3 interventions based on multiple data sources.
- Students in grades PK-2 take the universal screeners three times per year (beginning, middle, end of year) to measure students' proficiency levels in math and reading. MAP Growth is given to all students in grades 3-8/Algebra I/English I and II at the beginning and middle of the year and to targeted students at the end of the year.
- Assessment results provide teachers and students with data to facilitate meaningful progress.
- District-wide patterns and trends will be presented to the Board of Trustees comparing assessment results from the beginning of year to middle of year in reading and math.
