Re: High School Principal Report Aug 2021

Greetings from HHS!

Registration is this week and we are creeping in on the first days back with teachers. This past week I was able to attend the IASA conference in Boise with many of the Administrators from across the state. It was rejuvenating to meet in person and to have the excitement of a new school year in front of us all. As we met with our Homedale Admin team it was a great feeling to know what we accomplished last year and how that has positioned us heading into this school year. As an admin team we felt very confident in the special place that the Homedale School District is and how fortunate we all are to work where we do.

I am very excited about the new school year. I realize that we are not “out of the woods” by any means but at least we have a good idea of what we are looking at going into this school year and we have the tools in place in case we need to make any adjustments on the fly. We will make it the best possible experience regardless of what we face and that is because of people like you that are committed to kids and helping them find their way in this world.
