January 27, 2026

The Red Wing School Board met in closed session on Dec 15, 2025 with the purpose of conducting the mid-year Superintendent evaluation. The evaluation was focused on 2 main goals, Budget and Strategic Planning.

All individual board members were given a chance to voice concerns and or praise the Superintendent's performance. Our overall opinion was that things are moving in the right direction and Superintendent Jaszczak is on track to meet or exceed the goals set forth.

We as a board look forward to supporting the Superintendent, the school district, and community of Red Wing throughout the remainder of the school year and beyond.

Ryan Riester
School Board Chair
