

DENTON INDEPENDENT SCHOOL DISTRICT

WHEREAS the Elementary and Secondary Education Act (ESEA), currently known as No Child Left Behind, is more than three years overdue for reauthorization;

WHEREAS the current law is widely recognized as flawed and ‘in need of improvement’;

WHEREAS the current accountability requirements will result in more than three quarters of America’s public schools being labeled as failing in the 2011-2012 school year;

WHEREAS such a drastic misrepresentation of the accomplishments of America’s public schools does more harm than good and undermines the hard work of millions of educators and students across the nation every day;

WHEREAS America’s public schools and the students they serve deserve relief from the onerous regulations that are widely acknowledged to both unfair and overly burdensome;

WHEREAS in facing the challenge of implementing these complex regulations, school districts across the nation struggle with the rigidity of regulation and are forced to spend resources, both financial and human, on compliance rather than on teaching and learning;

WHEREAS it is increasingly unlikely that Congress will be able to complete full authorization before the 2011-2012 school year and alleviate pressure from both current law and its related regulations:

Be it therefore resolved,

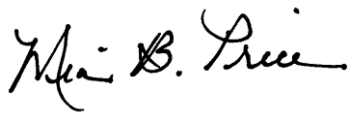

We, the Board of Trustees of the Denton Independent School District support reauthorization of the outdated ESEA legislation.

We, the Board of Trustees of the Denton Independent School District urge-absent Congressional reauthorization-immediate regulatory relief for the 2011-2012 school year, and any efforts to rescind or modify current regulations and alleviate undue pressure on the nation’s schools.

We, the Board of Trustees of the Denton Independent School District urge the Department of Education to exercise their regulatory authority to relieve school districts from the constraints of current statutes, keeping schools from being held hostage while Congress moves forward with complete reauthorization.

We, the Board of Trustees of the Denton Independent School District request that this relief be straight regulatory relief, not waivers. Schools deserve straight regulatory relief, and not the additional requirements or conditions that often come with waivers.

We, the Board of Trustees of the Denton Independent School District specifically support suspension of additional sanctions under current AYP requirements, effective for the 2011-2012 school year. (Schools currently facing sanctions would remain frozen; no new schools would be labeled as 'In Need of Improvement' or subject to new or additional sanctions.)
