

## MEMO

**TO:** Weber School District Board Members: President Paul Widdison, Vice President Douglas Hurst, Members: Janis Christensen, Jan Burrell, Bruce Jardine, Kelly Larson, Wyle Williams  
Superintendent Gina Butters

**FROM:** Heidi Alder  
Legal Counsel

**DATE:** October 27, 2025

**SUBJECT:** Revised Policy 8320 Weber School District Student Appropriate Use Policy on a second read

Policy 8320 Weber School District Student Appropriate Use Policy has been updated to ensure that technology resources are used responsibly to enhance student learning while maintaining a safe and secure digital environment. Key points in this policy include:

- Expectations: Students must act in a safe, respectful, and lawful manner when using district-owned or personal devices on school networks.
- Monitoring: Use of district technology is a privilege and subject to monitoring; no expectation of privacy exists.
- Internet Safety: Filtering and monitoring systems are in place to comply with federal law (CIPA) and protect students from harmful content.
- Acceptable Use: Students may only use technology with teacher direction for legitimate educational purposes.
- Prohibited Conduct: Accessing inappropriate materials, cyberbullying, hacking, unauthorized access, or sharing personal information is strictly prohibited.
- Discipline: Violations may result in suspension of access, disciplinary action (up to expulsion), financial liability, or legal consequences.
- Parent/Student Agreement: Annual acknowledgment of the policy is required by both students and parents.

There has been no feedback since the first read. The Legal Department is seeking Board approval of this policy on a second read.
