Action Taken:

02/02/2016 19:01

Discussed the data for the 100% meetings that was compiled as a staff. Showed how you can see student growth. Reviewed donation made to school and prior plan to cover the picnic area. Mrs. Hults met with donor in December, donor would rather have the money go towards technology instead of the covered structure. Instead 30 ipads were ordered so that we have a set of 6 for each K-1 classroom. Discussion around educational benefits and the need for technology exposure with our students. These can be used for small groups or put together for a whole class unit. We will explore other funding options and continue to pursue a covered structure over the outside seating area to create a outdoor learning center that classes could utilize. PTA is proceeding with the Carnival, they are also working on a Family Art Night. Reviewed school wide expectations and plans to do a PBIS Rodeo as a schoolwide positive behavior reminder.

Fleming and Fort Vannoy are in the process of changing their mascot. They are aligning with the highschool with a medieval theme. proposal made from their administrators inviting us to join them. Site Council does not see the need to make the change at this time.

Parent concerns and questions regarding 5th Grade situation. "Is there going to be a consistent substitute in place?" Mrs. Wilde is committed to the school to be a long term substitute and is working closely with teaching partners to make sure that the quality of education meets the high standards of the school and district. "Is the teacher automatically fired." Explained that the school and the district are unable to comment on a legal or HR matter. However it is public knowledge that the teacher is on paid administrative leave and we are trusting in the process while remembering that in our legal system we are innocent until proven guilty. During this process team agrees it should be business as usual for the students, they deserve it.
