Re: Tech Plan Purchase

Please submit this purchase information to the BOE for the October 27, 2014 meeting.

The Technology Staff are continuing to implement the components of Technology Capital Outlay Plan previously approved by the Board of Education. One component is to replace the more than seven year old desktop computers. These older district computers are aging to the point that they are no longer effective. The plan to replace desktops with newer small form factor desktop models is carefully analyzed to ensure that this is the most cost effective and the most educationally sound solution. After discussion with staff and administration two locations (GHS library and LabE188) were determined to be in need of replacement computers at this time.

The following HP computers will be purchased using the IL State Contract pricing. This purchase will be made through our HP partner, Heartland Business Systems.

QTY	Model	Cost
60	HP ProDesk 600 G1 SFF with 3 YR Warranty	\$ 38520
