Preview of purpose and content of report: Below and the attached documents will provide an overview of the attorney reviewed documents and details in this partnership with the Village of Oak Park

Budgetary Impact: District 97's portion not to exceed \$20,000

Data to be presented: May 23, 2017

Attached is an Intergovernmental Agreement (IGA) with the Village of Oak Park related to a joint partnership to pursue fiber design-consulting services for a fiber project with both entities. Through this IGA we will be collaborating on a Response for Proposals (RFP) for design consults to complete a joint needs assessment, collaborate on a fiber project and be the technical design experts. District 97 and the Village of Oak Park will then take the technical design documents and submit an RFP through eRate for a joint fiber project.

The goal of the project is to come together with the Village of Oak Park with common goals and needs in one project that will streamline infrastructure needs for both organizations in a manner that is more efficient and cost effective for our community.

This IGA was drafted with the assistance of the district attorney and village attorney.
