

# Special Programs Board Report

January 2012

## **Special Education:**

We will begin the annual review of our Special Education files this month. This report is then sent to ODE. We have had 100% compliant file with the Department for the past four years. This is a tremendous accomplishment as many standards (130) are checked in each file. The Special Education staff works very hard to ensure all student files are complete and accurate.

**ESL:** caseload

K-3: 17

4-8: 7

HS: 6

**Migrant Education:**

Pre-K/12: 2

## **Avid:**

Components of AVID's mission include guest speakers and field trips. Earlier in the year, Clinton, from the Sheridan Sun spoke to the students about the classes they should look to take in college to work in journalism. This month, David Root, a literary professor will be speaking. He will talk about meeting Dr. King and marching in the Civil Rights protest in the 1960's with AVID students. The AVID classes sponsored a winter dance to continue field trips. Their first college visit was to Linfield in October. In February, they will have the opportunity to visit Western Oregon University.
