

530 IMMUNIZATION REQUIREMENTS

I. PURPOSE

The purpose of this policy is to require that all Crosslake Community Schools' (CCS) students receive the proper immunizations as mandated by law to ensure the health and safety of all students.

II. GENERAL STATEMENT OF POLICY

All students are required to provide proof of immunization, or appropriate documentation exempting the student from such immunization, and such other data necessary to ensure that the student is free from any communicable diseases, as a condition of enrollment.

III. STUDENT IMMUNIZATION REQUIREMENTS

- A. No student may be enrolled or remain enrolled, on a full-time, part-time, or shared-time basis, in CCS until the student or the student's parent or guardian has submitted to the school the required proof of immunization. Prior to the student's first date of attendance, the student or the student's parent or guardian shall provide one of the following statements:
1. a statement, from a physician, advanced practice registered nurse, physician assistant, or a public clinic which provides immunizations, (hereinafter "medical statement"), affirming stating that the student received the immunizations required by law, consistent with medically acceptable standards; or
 2. a medical statement affirming that the student received the primary schedule of immunizations required by law and has commenced a schedule of the remaining required immunizations, indicating the month and year each immunization was administered, consistent with medically acceptable standards.
- B. The statement of a parent or guardian of a student or an emancipated student may be substituted for the medical statement. If such a statement is substituted, this statement must indicate the month and year each immunization was administered. Upon request, the designated CCS personnel will provide information to the parent or guardian of a student or an emancipated student of the dosages required for each vaccine according to the age of the student.
- C. The parent or guardian of persons receiving instruction in a home school shall submit one of the statements set forth in ~~Section~~ Paragraph III.A. or III.B., above, or statement of immunization set forth in Section IV., below, designated CCS personnel by October 1 of the first year of their home schooling in Minnesota and the grade 7 year.
- D. When there is evidence of the presence of a communicable disease, or when required by any state or federal agency and/or state or federal law, students and/or their parents or guardians may be required to submit such other health care data as is necessary to ensure that the student has received any necessary immunizations and/or is free of any communicable diseases. No student may be enrolled or remain enrolled at CCS until the student or the student's parent or guardian has submitted the required data.
- E. CCS may allow a student transferring a maximum of thirty (30) days to submit a statement specified in ~~Section~~ Paragraph III.A. or III.B., above, or Section IV., below. Students who do not provide the appropriate proof of immunization or the required documentation related to an applicable exemption of the student from the required immunization within the specified time frames shall be excluded until such time as the appropriate proof of immunizations or exemption documentation has been provided.

- F. If a person who is not a Minnesota resident enrolls in CCS' online learning course or program that delivers instruction to the person only by computer and does not provide any teacher or instructor contact time or require classroom attendance, the person is not subject to the immunization, statement, and other requirements of this policy.

IV. EXEMPTIONS FROM IMMUNIZATION REQUIREMENTS

Students will be exempt from the foregoing immunization requirements under the following circumstances:

- A. The parent or guardian of a minor student or an emancipated student submits a medical signed statement affirming that the immunization of the student is contraindicated for medical reasons or that laboratory confirmation of the presence of adequate immunity exists; or
- B. The parent or guardian of a minor student or an emancipated student submits his or her a notarized statement stating the student has not been immunized because of the conscientiously held beliefs of the parent, guardian or emancipated student.

V. NOTICE OF IMMUNIZATION REQUIREMENTS

- A. CCS will develop and implement a procedure to:
 - 1. notify parents and students of the immunization and exemption requirements by use of a form approved by the Department of Health;
 - 2. notify parents and students of the consequence for failure to provide required documentation regarding immunizations;
 - 3. review student health records to determine whether the required information has been provided; and
 - 4. make reasonable arrangements to send a student home when the immunization requirements have not been met and advise the student and/or the student's parent or guardian of the conditions for re-enrollment.

[See Policy 530FRM Addendum 1, Addendum 2, Addendum 3 for specific correspondence to send.]

- B. The notice provided shall contain written information describing the exemptions from immunization as permitted by law. The notice shall be in a font size at least equal to the font size and style as the immunization requirements and on the same page as the immunization requirements.

VI. IMMUNIZATION RECORDS

- A. CCS will maintain a file containing the immunization records for each student in attendance at CCS for at least five years after the student attains the age of majority.
- B. ~~Upon request, CCS may exchange immunization data with persons or agencies providing services on behalf of the student. Immunization data is private student data and disclosure of such data shall be governed by Policy 515 Protection and Privacy of Pupil Records.~~
Student immunization records maintained by the school district are generally considered education records subject to the Family Education Records and Privacy Act (FERPA). The school district may not disclose personally identifiable information (PII), including immunization records, without parent or eligible student consent unless a permissible exception applies.
- C. The designated CCS personnel will assist a student and/or the student's parent or guardian in the transfer of the student's immunization file to CCS within 30 days of the student's transfer.
- D. Upon request of a public or private post-secondary educational institution as defined in Minnesota Statutes, section 135A.14,, the designated CCS personnel will assist in the transfer of the student's immunization file to the post-secondary educational institution.

VII. OTHER

Within 60 days of the commencement of each new school term, CCS will forward a report as required by either

the Commissioner of the Minnesota Department of Education and/or the Commissioner of the Minnesota Department of Health stating the number of students attending CCS who have not been immunized, and the number of students who received an exemption.
