July 2018

CURRICULUM & INSTRUCTION

Although our teachers and principals are on a much-needed rest, planning and preparation has not stopped. Completing orders and preparing for Leadership Week where we do our instructional planning for our student and staff is underway. We are also preparing for Principal/Coaches planning days where implementation plans are created for coaching teachers. All implementation plans for both Leadership Week and Principal/Coaches planning days are based on data.

Professional Development

MBI was held on June 18-21 and staff members representing our schools attended the conference to strengthen our MBI routines and procedures. The list of names was not given at the time of this report.

The following BMS teachers attended the AVID conference in Orlando Florida July 9-11th along with Corrina.

Violet Sinclair, Andrea Evans, Sunni Bird and JoAnn Powell.

The following teachers, coaches, principals and Jercy attended the SDE Math conference in Las Vegas, NV on July 9-13th

Kelley Sharp, Brandy Bremner, Samantha Grant, Sheila Hall, Arlene Wippert, Victoria Guardipee, Edith Wagner, Lona Running Wolf, Sicily Bird, Rodolfo Rivas, John Salios and Jennifer Fenner. We all walked away very excited about what we can improve upon going into 2018-19 school year. We will present and share our knowledge at the August 14th board meeting.

Instructional Coaches

The instructional coaches along with Jercy will be attending the required Coaches Institute with OPI on July 18-19th. Our district and the instructional coaches will be recognized for our work here in the district for prioritizing the need to promote teacher growth through coaching teachers to effectiveness as well as learning more about instructional coaching and growing our expertise.

GRANTS

The new 2018-19 ESEA/ESSA application opened July 16, 2018 and will be completed before the last board meeting in July.

District Committees

All committees will resume upon start of school. Principals meet with their staff to determine who would like to participate in any of the district committees for the upcoming school year. With Title Improvement, we are required to review our curricula every 5 years. This school year we will be reviewing mathematics so a new committee will be formed. Like always, we have representatives from every grade and campus.

Assessment Reports

Presentation/verbal

Have a wonderful month and Happy Summer.
