Re: Closed Session Minutes and Tape Recording

---

We are recommending that the Board of Education approve the reviewed closed session minutes, and as required by School Code 5 ILCS 120/2.06, has determined that the need for confidentiality exists for all unreleased minutes, with the exception of August 18, 2025 Item 1 and September 2, 2025 and that the recordings from the closed session minutes of March 2024 through August 2024 be destroyed.

If there are any questions, please do not hesitate to contact me.
