

Board Report
Christine Ketterling
Federal Programs Director
August 8, 2023

Trojan Tots Pre-K

The 32 available spots have been filled and we currently have a waiting list. We are very excited to start our second year offering Pre-K and look forward to a fun filled year.

Federal Programs Updates

Migrant Education Program: Maricela Guzman was able to train with Aida Barroso who was our previous liaison during summer school and will continue training with our regional support coordinator. We will also have a few days of migrant specific training held in Boise and Nampa in September that we will both attend.

The ESEA/IDEA Federal Programs Director's Meeting will be held September 14-15. These meetings provide a review as well as any updates to the various federal program requirements and reporting.
