

-Board Brief 2/1/13: Athletics

The Athletic Department has had great success this year so far as the kids have put themselves in the playoffs in Football, Volleyball, Girls Basketball, and in the Hunt in Boys Basketball with hard work. This is an exciting time as there is a lot of young talent coming through our Schools. With the proper support this district can be successful in every sport we participate in. Right now we are on the verge of being an elite program. I have been looking at other programs our size that are successful in all the sports we participate, and how they achieve this greatness with their young people. I look forward to presenting my finding to Mr. Stephenson as soon as all schools have responded. I continue to impress on our Coaches and Students the importance of diligence in learning, and the continual improvement of themselves physically and mentally. Thanks for all you do for our kids, and always putting them first.
