Section 2 - BOARD OF EDUCATION

2:270 Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited

Discrimination and harassment on the basis of race, color, or national origin negatively affect a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from such discrimination and harassment is an important District goal. The District does not discriminate on the basis of actual or perceived race, color, or national origin in any of its education programs or activities, and it complies with federal and State non-discrimination laws.

Examples of Prohibited Conduct

Examples of conduct that may constitute discrimination on the basis of race, color, or national origin include: disciplining students more harshly and frequently because of their race, color, or national origin; denying students access to high-rigor academic courses, extracurricular activities, or other educational opportunities based on their race, color, or national origin; denying language services or other educational opportunities to English learners; and assigning students special education services based on a student's race, color, or national origin.

Harassment is a form of prohibited discrimination. Examples of conduct that may constitute harassment on the basis of race, color, or national origin include: the use of racial, ethnic or ancestral slurs or stereotypes; taunts; name-calling; offensive or derogatory remarks about a person's actual or perceived race, color, or national origin; the display of racially-offensive symbols; racially-motivated physical threats and attacks; or other hateful conduct.

Making a Report or Complaint: Investigation Process

Individuals are encouraged to promptly report claims or incidents ~~seen~~ ^{PRESSPlus1} of discrimination or harassment based on race, color, or national origin to the Nondiscrimination Coordinator, a Complaint Manager, or any employee with whom the student is comfortable speaking. Reports under this policy will be processed under Board policy 2:260, *Uniform Grievance Procedure*.

Any District employee who receives a report or complaint of discrimination or harassment must promptly forward the report or complaint to the Nondiscrimination Coordinator or a Complaint Manager. Any employee who fails to promptly comply may be disciplined, up to and including discharge.

Reports and complaints of discrimination or harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

This policy does not impair or otherwise diminish the existing rights of unionized employees to request an exclusive bargaining representative to be present during any investigatory interviews, nor does this policy diminish any rights available under an applicable collective bargaining agreement, including, but not limited to, a grievance procedure.

Federal and State Agencies

If the District fails to take necessary corrective action to stop harassment based on race, color, or national origin, further relief may be available through the Ill. Dept. of Human Rights (IDHR) or the U.S. Dept. of Education's Office for Civil Rights. To contact IDHR, go to: <https://dhr.illinois.gov/about-us/contact-idhr.html> or call (312) 814-6200 (Chicago) or (217) 785-5100 (Springfield).

Prevention and Response Program

The Superintendent or designee shall establish a prevention and response program to respond to complaints of discrimination based on race, color, and national origin, including harassment, and retaliation. The program shall include procedures for responding to complaints which:

1. Reduce or remove, to the extent practicable, barriers to reporting discrimination, harassment, and retaliation;
2. Permit any person who reports or is the victim of an incident of alleged discrimination, harassment, or retaliation to be accompanied when making a report by a support individual of the person's choice who complies with the District's policies and rules;
3. Permit anonymous reporting, except that an anonymous report may not be the sole basis of any disciplinary action;
4. Offer remedial interventions or take such disciplinary action as may be appropriate on a case-by-case basis;
5. Offer, but do not require or unduly influence, a person who reports or is the victim of an incident of harassment or retaliation the option to resolve allegations directly with the accused; and
6. Protects a person who reports or is the victim of an incident of harassment or retaliation from suffering adverse consequences as a result of a report of, investigation of, or a response to the incident.

Policy Posting and Distribution

This policy shall be posted on the District's website. The Superintendent shall annually inform staff members of this policy by posting it in a prominent and accessible location such as the District website, employee handbook, staff intranet site, and/or in other areas where policies and rules of conduct are made available to staff. The Superintendent shall annually inform students and their parents/guardians of this policy by posting it on the District's website and including an age-appropriate summary of the policy in the student handbook(s).

Enforcement

Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, up to and including discharge.

Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, including but not limited to, suspension and expulsion consistent with Board policy 7:190, *Student Behavior*.

Any third party who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent, invitee, etc. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to remedial and/or disciplinary action.

Retaliation Prohibited

Retaliation against any person for bringing complaints, participating in the complaint process, or otherwise providing information about discrimination or harassment based on race, color, or national origin is prohibited (see Board policy 2:260, *Uniform Grievance Procedure*).

Individuals should report allegations of retaliation to the Building Principal, an administrator, the Nondiscrimination Coordinator, and/or a Complaint Manager.

6. Make all preparations necessary in order for the Board to timely file its Certificate of Tax Levy, including preparations to comply with the Truth in Taxation Act, and file a Certificate of Tax Levy with the County Clerk on or before the last Tuesday in December. Except as provided herein, investments may be made only in banks, savings banks, savings and loan associations, or credit unions that are insured by the Federal Deposit Insurance Corporation or other approved share insurer.

The Chief Investment Officer and Superintendent shall regularly consider material, relevant, and decision-useful sustainability factors in evaluating investment decisions, within the bounds of financial and fiduciary prudence. Such factors include, but are not limited to: (1) corporate governance and leadership factors, (2) environmental factors, (3) social capital factors, (4) human capital factors, and

(5) business model and innovation factors, as provided under the III. Sustainable Investing Act, [30 ILCS 238/](#).

The Chief Investment Officer shall establish a list of authorized depositories, investment managers, dealers and brokers based upon the creditworthiness, reputation, minimum capital requirements, qualifications under State law, as well as a long history of dealing with public fund entities. The Board will review and approve the list at least annually.

Each institution designated as a depository shall, while acting as such depository, furnish the District with a copy of all statements of resources and liabilities or all reports of examination that it is required to furnish to the appropriate State or federal agency.

The above eligibility requirements of a bank to receive or hold public deposits do not apply to investments in an interest-bearing savings account, demand deposit account, interest-bearing certificate of deposit, or interest-bearing time deposit if: (1) the District initiates the investment at or through a bank located in Illinois, and (2) the invested public funds are at all times fully insured by an agency or instrumentality of the federal government.

4. The financial impact that the withdrawal or denial of District deposits might have on the financial institution;

6. Any additional burden on the District's resources that might result from ceasing to maintain deposits of public funds at the financial institution under consideration.

The District may not deposit public funds in a financial institution subject to the CRA unless the institution has a current rating of satisfactory or outstanding under the CRA. The District may not deposit public funds in a financial institution subject to the ICRA unless either: (1) the institution has a current rating of satisfactory under the ICRA at the time of deposit; or (2) the III. Dept. of Financial and Professional Regulation has not yet completed its initial examination of the institution under the ICRA. The District may not withdraw public funds from a financial institution prior to the date of maturity solely on the basis of a less than satisfactory rating under the ICRA. When investing or depositing public funds, the District may give preference to financial institutions that have a current rating of outstanding under the CRA and the ICRA.

Collateral Requirements

Under the Illinois Compiled Statutes, the Proviso Township School Treasurer is the lawful custodian of all school funds. The Treasurer's investment policies are established by the Proviso Township School Trustees as prescribed by The School Code and the Illinois Compiled Statutes. The Treasurer is authorized to invest in obligations of the U.S. Treasury, backed by the full faith and credit of the U.S. Government, certificates of deposit issued by commercial banks, and commercial paper rated within the three highest classifications by at least two standard rating services (subject to certain limitations).

Because all cash and investments are pooled by a separate legal agency (Treasurer), categorization by risk category is not determinable. In general, all investments purchased by the Treasurer for the combined pool are held by the Treasurer's agent, broker or dealer (who is also a counterparty) in the Treasurer's name. The collateral is held by the Treasurer's agent (who is also a counterparty) in the Treasurer's name. The District has no rights to securities held by the Treasurer's agent which collateralize the investments held by the agent.

Safekeeping and Custody Arrangements

The preferred method for safekeeping is to have securities registered in the District's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board Statement No. 3, Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements, Category I, the highest recognized safekeeping procedures.

Controls and Report

The Chief Investment Officer shall establish a system of internal controls and written operational procedures to prevent losses arising from fraud, employee error, misrepresentation by third parties, or imprudent employee action.

The Chief Investment Officer shall provide an annual investment report to the Board. The report will: (1) assess whether the investment portfolio is meeting the District's investment objectives, (2) identify each security by class or type, book value, income earned, and market value, (3) identify those institutions providing investment services to the District, and (4) include any other relevant information. The investment portfolio's performance shall be measured by appropriate and creditable industry standards for the investment type.

Ethics and Conflicts of Interest

The Board of Education and District officials will avoid any investment transaction or practice that in appearance or fact might impair public confidence. Board members are bound by the Board policy 2:100, *Board Member Conflict of Interest*. No District employee having influence on the District's investment decisions shall:

2. Have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments, or

Inventories

The Superintendent or designee is responsible for establishing and maintaining accurate inventory records. The inventory record of supplies and equipment shall include a description of each item, quantity, location, purchase date, and cost or estimated replacement cost, unless the supplies and equipment are acquired by the District pursuant to a federal or State grant award, in which case the inventory record shall also include the information required by [2 C.F.R. §200.313](#), if applicable. The Superintendent shall establish procedures for the management of property acquired by the District under grant awards that comply with federal and State law.

Capitalization Threshold

To be considered a capital asset for financial reporting purposes, a capital item must be at or above a capitalization threshold of \$10,000 and have an estimated useful life greater than one year.

Disposition of District Property

The Superintendent or designee shall notify the Board, as necessary, of the following so that the Board may consider its disposition: (1) District personal property (property other than buildings and land) that is no longer needed for school purposes, and (2) school site, building, or other real estate that is unnecessary, unsuitable, or inconvenient. Notwithstanding the above, the Superintendent or designee may unilaterally dispose of personal property of a diminutive value. The Superintendent shall establish procedures for the disposition and, when permitted by the terms and conditions of the award, the retention of property acquired by the District under grant awards that comply with federal and State law.

Taxable Fringe Benefits

The Superintendent or designee shall: (1) require that all use of District property or equipment by employees is for the District's convenience and best interests unless it is a Board-approved fringe benefit, and (2) ensure compliance with the Internal Revenue Service regulations regarding when to report an employee's personal use of District property or equipment as taxable compensation.

Controls for Revolving Funds and Petty Cash

Revolving funds and the petty cash system are established in Board policy 4:50, *Payment Procedures*. The Superintendent shall: (1) designate a custodian for each revolving fund and petty cash fund, (2) obtain a bond for each fund custodian, and (3) maintain the funds in compliance with this policy, State law, and ISBE rules. A check for the petty cash fund may be drawn payable to the designated petty cash custodian. Bank accounts for revolving funds are limited to a maximum balance of \$1,000. All expenditures from these bank accounts must be directly related to the purpose for which the account was established and supported with documentation, including signed invoices or receipts. All deposits into these bank accounts must be accompanied with a clear description of their intended purpose. The Superintendent or designee shall include checks written to reimburse revolving funds on the Board's monthly listing of bills indicating the recipient and including an explanation.

Control Requirements for Checks

The Board must approve all bank accounts opened or established in the District's or a District school's name or with the District's Federal Employer Identification Number. All checks issued by the School District must be signed by either the Treasurer or Board President, except that checks from accounts containing student activity funds or fiduciary funds and checks from revolving accounts may be signed by their respective account custodians.

Internal Controls

The Superintendent is primarily responsible for establishing and implementing a system of internal controls for safeguarding the District's financial condition; the Board, however, will oversee these safeguards. The control objectives are to ensure efficient business and financial practices, reliable financial reporting, and compliance with State law and Board policies, and to prevent losses from fraud, waste, and abuse, as well as employee error, misrepresentation by third parties, or other imprudent employee action.

The Superintendent or designee shall annually audit the District's financial and business operations for compliance with established internal controls and provide the results to the Board. The Board may from time-to-time engage a third party to audit internal controls in addition to the annual audit.

4:140 Waiver of Student Fees

The Superintendent will recommend to the Board for adoption what fees, if any, will be charged for the use of textbooks, consumable materials, extracurricular activities, and other school fees. Students will pay fines for loss of school books or other school-owned materials.

Fees and fines are waived for students who meet the eligibility criteria for a waiver contained in this policy. In order that no student be denied educational services or academic credit due to the inability of parents/guardians to pay student fees and fines and charges, the Superintendent will recommend to the Board for adoption what additional student fees and fines, if any, the District will waive for students who meet the eligibility criteria for a waiver.

The Superintendent shall ensure that a notice of waiver applicability is provided to parents/guardians with every bill for fees and/or fines, and that applications for waivers are widely available and distributed according to State law and Ill. State Board of Education (ISBE) rule, and that provisions for assisting parents/guardians in completing the application are available.

Eligibility Criteria *who meets one or more of the following criteria shall be eligible for a fee and fine waiver:*
A student shall be eligible for a fee and fine waiver when:

1. The student currently lives in a household that meets the same income guidelines, with the same limit based on household size, that are used for the federal free meals program.
2. The student's parents/guardians are veterans or active-duty military personnel with income at or below 200% of the federal poverty line; *or*
3. The student is homeless, as defined in the McKinney-Vento Homeless Assistance Act ([42 U.S.C. §11434a](#)).
4. The student or student's family is currently receiving aid under Article IV of The Illinois Public Aid Code (Aid to Families with Dependent Children).

Verification

The Superintendent or designee shall establish a process for determining a student's eligibility for a waiver of fees and fines in accordance with State law requirements.

If a student receiving a waiver is found to be no longer eligible during the school year, the Superintendent or designee shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Determination and Appeal

The Superintendent or designee will notify the parent(s)/guardian(s) promptly as to whether the fee waiver request has been granted or denied. The denial of a fee waiver request may be appealed to the Superintendent by submitting the appeal in writing to the Superintendent within 14 days of the denial. The Superintendent or designee shall respond within 14 days of receipt of the appeal. The Superintendent's decision may be appealed to the Board of Education. The decision of the Board is final and binding.

4:190 Targeted School Violence Prevention Program

Threats and acts of targeted school violence harm the District's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure District environment is an important Board goal. While it is not possible for the District to completely eliminate threats in its environment, a Targeted School Violence Prevention Program (Program) using the collective efforts of local school officials, staff, students, families, and the community helps the District reduce these risks to its environment.

The Superintendent or designee shall develop and implement the Program, also known as the Behavioral Threat Assessment Program. The Program oversees the maintenance of a District environment that is conducive to learning and working by identifying, assessing, classifying, responding to, and managing threats and acts of targeted school violence. The Program shall be part of the District's Comprehensive Safety and Security Plan, required by Board policy 4:170, *Safety*, and shall:

1. Establish a District-level School Violence Prevention Team to: (a) develop a District-level School Safety and Violence Prevention Plan, and (b) oversee the District's Threat Assessment Team(s).
2. Establish a District level Threat Assessment Team(s) to assess and intervene with individuals whose behavior may pose a threat to safety. This team may serve one or more schools.
3. Require all District staff, volunteers, and contractors to report any expressed threats or behaviors that may represent a threat to the community, school, or self.
4. Encourage parents/guardians and students to report any expressed threats or behaviors that may represent a threat to the community, school, or self.
5. Comply with State and federal law and align with Board policies.

The Local Governmental and Governmental Employees Tort Immunity Act protects the District from liability. The Program does not: (1) replace the care of a physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in violence prevention, assessments and counseling services, (2) extend beyond available resources within the District, (3) extend beyond the school day and/or school-sponsored events, or (4) guarantee or ensure the safety of students, District staff, or visitors.

Section 5 - GENERAL PERSONNEL

5:90 Abused and Neglected Child Reporting

Any District employee who suspects or receives knowledge that a student may be an abused or neglected child shall immediately report or cause a report to be made to the Ill. Dept. of Children and Family Services (DCFS) on its Child Abuse Hotline 1-800-25-ABUSE (1-800-252-2873) (within Illinois); 1-217-524-2606 (outside of Illinois); or 1-800-358-5117 (TTY). Any District employee who believes a student is in immediate danger of harm, shall first call 911. The employee shall also promptly notify the Superintendent or Building Principal that a report has been made. The Superintendent or Building Principal shall immediately coordinate any necessary notifications to the student's parent(s)/guardian(s) with DCFS, the applicable school resource officer (SRO), and/or local law enforcement.

Negligent failure to report occurs when a District employee personally observes an instance of suspected child abuse or neglect and reasonably believes, in his or her professional or official capacity, that the instance constitutes an act of child abuse or neglect under the Abused and Neglected Child Reporting Act (ANCRA) and he or she, without willful intent, fails to immediately report or cause a report to be made of the suspected abuse or neglect to DCFS.

Any District electronic or IT equipment worker who discovers child sexual abuse ~~material~~ ^{pornography} ~~PRESSPlus1~~ on electronic and information technology equipment ~~as defined in 325 ILCS 5/4.5(a)~~ shall immediately report it to local law enforcement, the National Center for Missing and Exploited Children's CyberTipline 1-800-THE-LOST (1-800-843-5678) or online at report.cybertip.org/ or www.missingkids.org. Any District employee who discovers child ~~pornography~~ ^{sexual abuse} ~~material~~ shall immediately report it to their supervisors, and that supervisor shall immediately contact local law enforcement in partnership with District administration.

Any District employee who observes any act of hazing that does bodily harm to a student must report that act to the Building Principal, Superintendent, or designee who will investigate and take appropriate action. If the hazing results in death or great bodily harm, the employee must first make the report to law enforcement and then to the Superintendent or Building Principal. Hazing is defined as any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

Abused and Neglected Child Reporting Act (ANCRA), School Code, and *Erin's Law* Training

The Superintendent or designee shall provide staff development opportunities for District employees in the detection, reporting, and prevention of child abuse and neglect.

All District employees shall:

1. Before beginning employment, sign the *Acknowledgement of Mandated Reporter Status* form provided by DCFS. The Superintendent or designee shall ensure that the signed forms are retained.
2. Complete mandated reporter training as required by law within three months of initial

employment and at least every three years after that date.

3. Complete an annual evidence-informed training related to child sexual abuse, grooming behaviors (including *sexual misconduct* as defined in *Faith's Law*), and boundary violations as required by law and policy 5:100, *Staff Development Program*.

Alleged Incidents of Sexual Abuse: Investigations

An *alleged incident of sexual abuse* is an incident of sexual abuse of a child, as defined in [720 ILCS 5/11-9.1A](#), that is alleged to have been perpetrated by school personnel, including a school vendor or volunteer, that occurred: on school grounds during a school activity; or outside of school grounds or not during a school activity.

If a District employee reports an alleged incident of sexual abuse to DCFS and DCFS accepts the report for investigation, DCFS will refer the matter to the local Children's Advocacy Center (CAC). The Superintendent or designee will implement procedures to coordinate with the CAC.

DCFS and/or the appropriate law enforcement agency will inform the District when its investigation is complete or has been suspended, as well as the outcome of its investigation. The existence of a DCFS and/or law enforcement investigation will not preclude the District from conducting its own parallel investigation into the alleged incident of sexual abuse in accordance with Board policy 7:20, *Harassment of Students Prohibited*.

Special Superintendent Responsibilities

The Superintendent shall execute the requirements in Board policy 5:150, *Personnel Records*, whenever another school district requests a reference concerning an applicant who is or was a District employee and was the subject of a report made by a District employee to DCFS.

When the Superintendent has reasonable cause to believe that a license holder (1) committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child under ANCRA or an act of sexual misconduct under *Faith's Law*, and (2) that act resulted in the license holder's dismissal or resignation from the District, the Superintendent shall notify the State Superintendent and the appropriate Intermediate Service Center Executive Director in writing, providing the III. Educator Identification Number as well as a brief description of the misconduct alleged. The Superintendent must make the report within 30 days of the dismissal or resignation and mail a copy of the notification to the license holder.

The Superintendent shall develop procedures for notifying a student's parents/guardians when a District employee, contractor, or agent is alleged to have engaged in sexual misconduct with the student as defined in *Faith's Law*. The Superintendent shall also develop procedures for notifying the student's parents/guardians when the Board takes action relating to the employment of the employee, contractor, or agent following the investigation of sexual misconduct. Notification shall not occur when the employee, contractor, or agent alleged to have engaged in sexual misconduct is the student's parent/guardian, and/or when the student is at least 18 years of age or emancipated.

The Superintendent shall execute the recordkeeping requirements of *Faith's Law*.

Special Board of Education Member Responsibilities

Each individual Board member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in ANCRA, direct or cause the Board to direct the Superintendent or other equivalent school administrator to comply with ANCRA's requirements concerning the reporting of child abuse.

If the Board determines that any District employee, other than an employee licensed under [105 ILCS 5/21B](#), has willfully or negligently failed to report an instance of suspected child abuse or neglect as required by ANCRA, the Board may dismiss that employee immediately.

When the Board learns that a licensed teacher was convicted of any felony, it must promptly report it to the State agencies listed in Board policy 2:20, *Powers and Duties of the Board of Education; Indemnification*.

Nothing in this policy prevents an educational support personnel employee from serving as a guest lecturer or resource person under a ~~certified licensed~~ [PRESSPlus1](#) teacher's direction and with the administration's approval.

Relationship with Students

Educational support personnel are not ordinarily expected to exercise any supervision over students unless it is a part of the job description as assigned by the Superintendent. Exceptions to this policy would be in the case of vandalism, malicious mischief, or fighting. In such cases the employee is not to take disciplinary action but may take action to prevent injury to individuals and damage to property. Unless otherwise required by law, it is unclear from Mahmoud whether a district would ever need to give advance notice to all parents/guardians of the use of certain curriculum or instructional materials that could trigger religious objections. Doing so could present discrimination concerns. The system shall also determine when promotion requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the standardized tests required by the Ill. State Board of Education (ISBE) and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. It is preferable that retention shall occur early in the child's school experience. The parent/guardian shall be kept informed if retention is anticipated. The administration shall determine remedial assistance for a student who is not meeting promotion requirements and/or is not promoted.[PRESSPlus1](#)

The classroom teacher has the primary responsibility to evaluate students and determine students' grades in the subject area or activity for which the teacher is responsible. Every teacher shall maintain an evaluation record for each student in the teacher's classroom. The final grade assigned by the teacher cannot be changed by a District administrator without consulting with the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores;
- A technical error in assigning a particular grade or score;
- An agreement by the teacher to allow the student to do extra work that may affect the grade;
- An inappropriate grading system used to determine the grade; or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record. The final decision regarding promotion and retention shall be made by the Superintendent.

Promotion

Students who, upon recommendation of the teaching staff and the administration, have satisfactorily completed the District's educational program shall receive a certificate of promotion to high school. In the event of a discrepancy between faculty and building administration findings regarding promotion eligibility, the Superintendent shall make the final decision.

A promotion ceremony shall be held and eligible students are expected to participate.

Federal and State Law Requirements Regarding Citizenship and Immigration Status in Schools [PRESSPlus2](#)

No student shall be denied an education based on the student's, or their parent's/guardian's, actual or perceived citizenship or immigration status. Based on such status, the District will not:

1. Exclude a student from participating in, or deny them the benefits of, any District program or activity.
2. Use policies or procedures or engage in practices that have the effect of excluding a student from participating in or denying the benefits of any District program or activity.

5. Disclose information related to the perceived citizenship or immigration status of a student or a person associated with the student to any other person, entity, or immigration or law enforcement agency if the District does not have direct knowledge of the student's or associated person's actual citizenship or immigration status, subject to the requirements in 105 ILCS 5/22-105(c)(3). [PRESSPlus3](#)
6. Disclose information related to the actual citizenship or immigration status of a student or a person associated with the student to any other person or nongovernmental entity if the District has direct knowledge of the student's or associated person's actual citizenship status, subject to the requirements in 105 ILCS 5/22-105(c)(3).

State law does not prohibit or restrict the District from sending or receiving information about the citizenship or immigration status of an individual to or from the U.S. Dept. of Homeland Security or any other governmental entity under 8 U.S.C. §§1373 and 1644.

Responding to Agency and Law Enforcement Requests [PRESSPlus4](#)

The Superintendent shall develop procedures to manage requests by government agencies or law enforcement authorities regarding students at school. Procedures will:

1. Recognize individual student rights and privacy.

2. Recognize the potential impact the release of information or an interview may have on an individual student.
3. Minimize potential disruption.
4. Foster a cooperative relationship with government agencies and law enforcement authorities.
5. Maintain discipline and recognize that school employees stand in the relationship of the parents/guardians to the students during the school day.

PRESSPlus Comments

PRESSPlus 1. This policy is renamed and rewritten in response to 105 ILCS 5/22-105, added by P.A. 104-288, eff. 1-1-26, requiring districts to establish a policy by 7-1-26 regarding agency and law enforcement requests at school, and for continuous improvement. See the footnotes of this sample policy for more information, available at PRESS Online by logging in at www.iasb.com.

By 7-1-26, districts are also required to develop procedures for reviewing and authorizing requests from *law enforcement agents* attempting to enter a school or school facility. 105 ILCS 5/22-105(b), added by P.A. 104-288, eff. 1-1-26, defines *law enforcement agent* as "an agent of federal, State, or local law enforcement authorized with the power to arrest or detain individuals or manage the custody of detained individuals for a law enforcement purpose, including civil immigration enforcement." *Law enforcement agent* does not include a school resource officer as defined in 105 ILCS 5/10-20.68. *Id.* See sample administrative procedure 7:150-AP, *Managing Agency and Law Enforcement Requests*. **Issue 120, October 2025**

PRESSPlus 2. Required by 105 ILCS 5/22-105(d), added by P.A. 104-288, eff. 1-1-26. **Issue 120, October 2025**

PRESSPlus 3. Districts must also still comply with federal and State laws, e.g., FERPA and the Ill. School Student Records Act, governing the disclosure of student records or information. **Consult the board attorney regarding legal requirements when requests are received from federal law enforcement agencies. Issue 120, October 2025**

PRESSPlus 4. With the exception of items #6 and #7, the listed standards for procedures are at the local school board's discretion and may be omitted. For procedures addressing #1-6, refer to the *Guidelines for Interviews of Students*, published by the Ill. Council of School Attorneys (ICSA Guidelines) at: www.iasb.com/policy-services-and-school-law/guidance-and-resources/guidelines-for-interviews-of-students in consultation with the board attorney. For procedures addressing the items listed in #7, refer to sample administrative procedure 7:150-AP, *Managing Agency and Law Enforcement Requests*, available at PRESS Online by logging in at www.iasb.com, in consultation with the board attorney. Procedures covering item #7 are required by 105 ILCS 5/22-105, added by P.A. 104-288, eff. 1-1-26, and must be implemented by 7-1-26. **Issue 120, October 2025**

PRESSPlus 5. 105 ILCS 5/22-88. The statute does not specifically assign these duties to a school official, but instead states that "a law enforcement officer, school resource officer, or other school security personnel" must ensure these conditions are met before detaining and questioning a student on school grounds. For ease of implementation, this policy assigns these duties to a school official as they routinely contact parents/guardians and can arrange for the presence of school personnel during an interview. See the *ICSA Guidelines* for further discussion of school officials' responsibilities when law enforcement authorities interview students at school. **Issue 120, October 2025**

PRESSPlus 6. A *trained law enforcement officer* is someone who: (1) received training in youth investigations approved or certified by his/her law enforcement agency or under 50 ILCS 705/10.22, or (2) is a juvenile police officer per 705 ILCS 405/1-3(17). 105 ILCS 5/22-88(b)(4). **Issue 120, October 2025**

PRESSPlus 7. 105 ILCS 5/22-105(c)(4), added by P.A. 104-288, eff. 1-1-26, requires a district to

develop procedures that: (1) designate authorized personnel at the school and the superintendent's office or school administrative office who may contact the board attorney, (2) require the designated authorized person and board attorney to work together to review requests from law enforcement agents to enter a school or school facility, including under judicial warrants, nonjudicial warrants, and subpoenas, (3) require the designated authorized personnel to monitor or accompany and to document all interactions with law enforcement agents while on the school's premises, and (4) require the designated authorized person to notify and seek consent from a student's parent/guardian, or from the student if the student is 18 years old or older or emancipated, if a law enforcement agent requests access to a student for immigration enforcement purposes, unless such access is in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the student's parent/guardian.

Regarding requirement #2 in the paragraph immediately above, ensure that the superintendent's authority to designate others to contact the board attorney aligns with policy 2:160, *Board Attorney*. The superintendent will need to work with the board attorney to create a list of administrators authorized to consult directly with the board attorney if any agency or law enforcement request is received. Factors to consider when drafting this list include: the type of request received, the type of agency or law enforcement unit making the request, whether or not a warrant is presented, and whether or not exigent circumstances are claimed. **Issue 120, October 2025**

Section 7 - STUDENTS

7:180 Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, order of protection status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school-related activity, function, or program.

Definitions from 105 ILCS 5/22-110^{27-23.7} [PRESSPlus1](#)

Artificial intelligence means a machine-based system that, for explicit or implicit objectives, infers, from the input it receives, how to generate outputs such as predictions, content, recommendations, or decisions that can influence physical or virtual environments. **Artificial intelligence** includes generative **artificial intelligence**.

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or

4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, posting or distributing sexually explicit images, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyberbullying means bullying through the use of technology, including generative artificial intelligence, or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications.

Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the posting or distribution of an unauthorized digital replica by electronic means if the posting or distribution creates any of the effects enumerated in the definition of *bullying*. PRESSPlus2

Digital replica means a newly created, electronic representation of the identity of an actual individual created using a computer, algorithm, software, tool, artificial intelligence, or other technology that is fixed in a sound recording or audiovisual work in which that individual did not actually perform or appear and that is so realistic that a reasonable observer would believe it is a performance by the individual being portrayed and no other individual.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the III. Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Unauthorized digital replica means the use of a digital replica of an individual without the consent of the depicted individual.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below.

1. The District uses the definition of *bullying* as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the [First Amendment to the U.S. Constitution](#) or under [Section 3 of Article I of the Illinois Constitution](#).
3. Students are encouraged to report bullying immediately. A report may be made orally or in writing to the Nondiscrimination Coordinator, Title IX Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

4. Consistent with federal and State laws and rules governing student privacy rights, the parents/guardians of all students involved in an alleged incident of bullying will be notified of such, along with threats, suggestions, or instances of self-harm determined to be the result of bullying, within 24 hours after the school's administration is made aware of the student's involvement in the incident. As appropriate, the school's administration shall also discuss the availability of social work services, counseling, school psychological services, other interventions, and restorative measures. The school shall make diligent efforts to notify a parent or legal guardian, utilizing all contact information the school has available or that can be reasonably obtained within the 24-hour period.
5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the

investigation process.

- c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.
- d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

- 6. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
- 7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. Any person's act of reprisal or retaliation will be subject to disciplinary action, up to and including discharge with regard to employees, or suspension and/or expulsion with regard to students.
- 8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.
- 9. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
- 10. The Superintendent or designee shall post this policy on the District's publicly accessible website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
- 11. Pursuant to State law and Board policy 2:240, *Board Policy Development*, the Board monitors this policy every two years by conducting a review and re-evaluation of this policy to make any necessary and appropriate revisions. The Superintendent or designee shall assist the Board with its re-evaluation and assessment of this policy's outcomes and effectiveness. Updates to this policy will reflect any necessary and appropriate revisions. This process shall include, without limitation:
 - a. The frequency of victimization;
 - b. Student, staff, and family observations of safety at a school;
 - c. Identification of areas of a school where bullying occurs;
 - d. The types of bullying utilized; and
 - e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

- 1) An updated version of the policy with the amendment/modification date specifying the date of adoption (indicated by month, date, and year)^{PRESSPlus3} included in the reference portion of the policy;
- 2) If no revisions are deemed necessary, a copy of Board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or
- 3) A signed statement from the Board President indicating that the Board re-evaluated the policy and no changes to it were necessary.

Section 7 - STUDENTS

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school, including remote learning.
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
 - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or

licensed practitioner's prescription.

- d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.
- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
- g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a **weapon** as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy.
- 5. Using or possessing an electronic paging device.
- 6. Using a mobile telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered off or silenced and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP) or Section 504 plan; (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 7. *Sexting*, which, for purposes of this policy, is the act of using a computer, electronic communication device, or mobile phone for creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated. Sexting also includes creating, sending, sharing, viewing, receiving, or possessing *indecent visual depictions*, *non-consensual dissemination of private sexual images*, and *non-consensual dissemination of sexually explicit digitized depictions*, as defined in State law.

8. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
9. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
10. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
11. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
12. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
13. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
14. Entering school property or a school facility without proper authorization.
15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
16. Being absent without a recognized excuse; State law and Board of Education policy regarding truancy control will be used with chronic and habitual truants.
17. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
18. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
19. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
20. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
21. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
22. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer

under State law. The transfer shall be in the manner provided in [Article 13A](#) or [13B of the School Code](#).

14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or *weapons* or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited in all circumstances. *Corporal punishment* is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt an offense, prevent its recurrence, or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by [105 ILCS 5/10-20.33](#).

Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in [105 ILCS 5/10-20.33](#), III. State Board of Education (ISBE) rules ([23 Ill.Admin.Code §§ 1.280, 1.285](#)), and the District's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or *weapon* as defined by Section 921 of Title 18 of the United States Code ([18 U.S.C. § 921](#)), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act ([430 ILCS 65/](#)), or firearm as defined in Section 24-1 of the Criminal Code of 2012 ([720 ILCS 5/24-1](#)).
2. A knife, brass knuckles, or other knuckle *weapon* regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning *weapons* apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on ~~or around~~ school grounds, becomes aware of any person in possession of a firearm on school grounds, or becomes aware of any threat of gun violence on school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. If the report of (1), above, pertains to a threat of firearm violence made by a student, the Building Principal or designee shall attempt to notify the student's parent/guardian as soon as possible and shall further attempt to contact the parent/guardian to ensure that the student does not have access to a firearm. [PRESSPlus1](#) In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and any involved student's parent/guardian.

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report these incidents to ISBE through its web-based School Incident Reporting System as they occur during the year and no later than July 31 for the preceding school year.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other licensed educational employees, and any other persons (whether or not a licensed employee) providing a related service for or with respect to a student, may only use reasonable force as permitted by [105 ILCS 5/10-20.33](#). Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the

students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

2:230 Public Participation at Board of Education Meetings and Petitions to the Board

During each regular and special open meeting of the Board, any person may comment to or ask questions of the Board (*public participation*), subject to the reasonable constraints established and recorded in this policy's guidelines below. The Board listens to comments or questions during public participation; responses to comments to or questions of the Board are most often managed through policy 3:30, *Chain of Command*.

To preserve sufficient time for the Board to conduct its business, any person appearing before the Board is expected to follow these guidelines:

1. Address the Board only at the appropriate time as indicated on the agenda and when recognized by the Board President. This includes following the directives of the Board President to maintain order and decorum for all.
2. Use a sign-in sheet, if requested.
3. Identify oneself and be brief. Ordinarily, the time for any one person to address the Board during public participation shall be limited to three minutes. In unusual circumstances, and when an individual has made a request to speak for a longer period of time, the Board President may allow a person to speak for more than three minutes. If multiple individuals wish to address the Board on the same subject, the group is encouraged to appoint a spokesperson.
4. Observe, when necessary and appropriate, the Board President's authority to:
 - a. Shorten the time for each person to address the Board during public participation to conserve time and give the maximum number of people an opportunity to speak; and/or
 - b. Determine procedural matters regarding public participation not otherwise covered in Board policy.
5. Conduct oneself with respect and civility toward others and otherwise abide by Board policy 8:30, *Visitors to and Conduct on School Property*.

Petitions or written correspondence to the Board shall be presented to the Board of Education at the next regularly scheduled Board meeting.

Section 2 - BOARD OF EDUCATION

2:250 Access to District Public Records

Full access to the District's *public records* is available to any person as provided in the Illinois Freedom of Information Act (FOIA), this policy, and implementing procedures. The Superintendent or designee shall: (1) provide the Board with sufficient information and data to permit the Board to monitor the District's compliance with FOIA and this policy, and (2) report any FOIA requests during the Board's regular meetings along with the status of the District's response.

Freedom of Information Officer

The Superintendent shall serve as the District's Freedom of Information Officer and assumes all the duties and powers of that office as provided in FOIA and this policy. The Superintendent may delegate these duties and powers to one or more designees, but the delegation shall not relieve the Superintendent of the responsibility for the action that was delegated.

Definition

The District's *public records* are defined as records, reports, forms, writings, letters, memoranda, books, papers, maps, photographs, microfilms, cards, tapes, recordings, electronic data processing records, electronic communications, recorded information and all other documentary material pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of the School District.

Requesting Records

A request for inspection and/or copies of public records must be made in writing and may be submitted by personal delivery, mail, telefax, or email directed to the District's Freedom of Information Officer. Individuals making a request are not required to state a reason for the request other than to identify when the request is for a commercial purpose or when requesting a fee waiver. The Superintendent or designee shall instruct District employees to forward immediately any request for inspection and copying of a public record to the District's Freedom of Information Officer or designee.

Responding to Requests

The Freedom of Information Officer shall approve all requests for public records unless:

1. The requested material does not exist;
2. The requested material is exempt from inspection and copying by the Freedom of Information Act; or
3. Complying with the request would be unduly burdensome.

Within 5 business days after receipt of a request for access to a public record, the Freedom of Information Officer shall comply with or deny the request, unless the time for response is extended as specified in Section 3 of FOIA. The Freedom of Information Officer may extend the time for a response for up to 5 business days from the original due date. If an extension is needed, the Freedom of Information Officer shall: (1) notify the person making the request of the reason for the extension, and (2) either inform the person of the date on which a response will be made, or agree with the person in writing on a compliance period.

The time periods are extended for responding to requests for records made for a *commercial purpose*, requests by a *recurrent requester*, or *voluminous requests*, as those terms are defined in Section 2 of FOIA. The time periods for responding to those requests are governed by Sections 3.1, 3.2, and 3.6 of FOIA.

When responding to a request for a record containing both exempt and non-exempt material, the Freedom of Information Officer shall redact exempt material from the record before complying with the request.

Fees

Persons making a request for copies of public records must pay any and all applicable fees. The Freedom of Information Officer shall establish a fee schedule that complies with FOIA and this policy and is subject to the Board's review. The fee schedule shall include copying fees and all other fees to the maximum extent they are permitted by FOIA, including without limitation, search and review fees for responding to a request for a *commercial purpose* and fees, costs, and personnel hours in connection with responding to a *voluminous request*.

Copying fees, except when fixed by statute, shall be reasonably calculated to reimburse the District's actual cost for reproducing and certifying public records and for the use, by any person, of its equipment to copy records. In no case shall the copying fees exceed the maximum fees permitted by FOIA. If the District's actual copying costs are equal to or greater than the maximum fees permitted by FOIA, the Freedom of Information Officer is authorized to use FOIA's maximum fees as the District's fees. No copying fees shall be charged for: (1) the first 50 pages of black and white, letter or legal sized copies, or (2) electronic copies other than the actual cost of the recording medium, except if the response is to a *voluminous request*, as defined in FOIA.

A fee reduction is available if the request qualifies under Section 6 of FOIA. The Freedom of Information Officer shall set the amount of the reduction taking into consideration the amount of material requested and the cost of copying it.

Provision of Copies and Access to Records

A public record that is the subject of an approved access request will be available for inspection or copying at the District's administrative office during regular business hours, unless other arrangements are made by the Freedom of Information Officer.

Many public records are immediately available from the District's website including, but not limited to, the process for requesting a public record. The Freedom of Information Officer shall direct a requester to the District's website if a requested record is available there. If the requester is unable to reasonably access the record online, he or she may resubmit the request for the record, stating his or her inability to reasonably access the record online, and the District shall make the requested record available for inspection and copying as otherwise provided in this policy.

Preserving Public Records

Public records, including email messages, shall be preserved and cataloged if: (1) they are evidence of the District's organization, function, policies, procedures, or activities, (2) they contain informational data appropriate for preservation, (3) their retention is required by State or federal law, or (4) they are subject to a retention request by the Board Attorney (e.g., a litigation hold), District auditor, or other individual authorized by the Board of Education or State or federal law to make such a request. Unless its retention is required as described in items numbered 3 or 4 above, a public record, as defined by the Illinois Local Records Act, may be destroyed when authorized by the Local Records Commission.
