Board Salute

Mikayla Jasek - Turner Elementary School

Submitted by: Megan Czach, parent

Mikayla Jasek is a third grade teacher at Turner. Last year was her first year teaching and she did an amazing job. She quickly identified who needed extra help and worked closely with each student to help them grow academically. She communicated and worked so well with us families also.

She is such an amazing and supportive teacher that my son finally felt comfortable enough to volunteer to read in front of the class. It was such a great moment for him and it was all thanks to Ms. Jasek. For her supportive and caring nature, I believe Mikayla deserves a Board Salute.
