

Action Sheet

MEETING DATE: May 20, 2026

AGENDA ITEM: **Discuss and consider approval to Purchase Newline 86-inch Interactive Display Panel Bundle through HOWARD Technology Solution.**

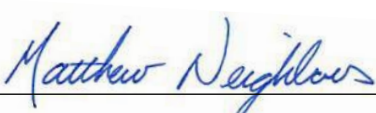

The District is overseeing the purchase of classroom technology to support student learning. By acquiring the Newline 86-inch Interactive Display Panel Bundle through HOWARD Technology Solutions, we aim to enhance student achievement through increased engagement, collaboration, and personalized learning. These interactive panels offer rich multimedia features that make lessons more dynamic, support various learning styles, and foster active participation. They also enable differentiated instruction and promote critical thinking, leading to better retention, deeper understanding, and improved academic success. This purchase will further our goal of standardizing instructional technology across the district.

The total cost of \$110,397.00 includes a 7-year warranty with free replacement, digital signage software and wall mounts, adding long-term value and reducing future maintenance or installation costs. By leveraging our direct vendor relationships, we also secured the largest available savings and discounts, avoiding the higher markups typically seen when purchasing through a general contractor and subcontractor. This approach ensures both cost efficiency and high-quality materials for our classrooms.

This expenditure will be allocated from the Prop C Middle School Renovations fund for Austin Elementary School, continuing the site improvements initiated in the summer of 2024.

Total Amount \$ 110,397.00
Buy Board# 760-25

RECOMMENDATION: **I move that the Board of Trustees approve Newline 86-inch Interactive Display Bundle through HOWARD Technology Solution in the amount of \$110,397.00 as presented.**

Matthew Neighbors Ed. D.
