5430 - **CLASS RANK**

~~The Board of Education acknowledges the usefulness of a system of computing grade point averages and class ranking for high school students, both to inform students of their relative academic placement among their peers and to provide students, prospective employers, and institutions of higher learning with a predictive device so that each student is more likely to be placed in an environment conducive to success.~~The Board acknowledges that students may need their computed class rank for reasons related to post-secondary opportunities, including the Academic and Technical Excellence Scholarships.

The Board authorizes a system of class ranking, by grade point average, for students in grade(s) 9-12.

The District Administrator shall develop procedures for the computation of grade point averages and the assignment of class rank to implement this policy which shall include:

A. a provision for students completing graduation requirements before their class;

B. a system for makeup courses;

C. a statement of the methods for such computation and assignment to be made available for those to whom a student's grade point average or rank in class is released;

D. the subjects to be included in the GPA;

E. how pass/fail grades are calculated in the GPA;

F. how grades from study abroad, alternative and home schools are calculated in the GPA;

G. how grades from another country earned by students are calculated in the GPA.
