Memo

To: Centennial School Board – District #12

From: Bob Stevens, Principal

cc: Jeff Holmberg

Date: January 28, 2025

Re: New course for 2025-26 school year

Background Information for Board:

On a regular basis Centennial Middle School reviews the course offerings based on data that we gather, comparison to surrounding school districts, and feedback from staff, students, and families about student needs.

On January 23rd Centennial Middle School proposed a new course at the District Systems Accountability Committee (SAC). We provided an overview of the course and explained how the course would positively impact student learning and provide students with middle school skills and readiness.

New course and/or change presented to the School Board:

- Middle School Success Skills—Required 6th Grade
