Carmel Clay Public Library
55 4th Ave. SE
Carmel, IN 46032

Dear Carmel Clay Public Library and associates,

I was pleased to learn that the American Library Association selected Carmel Clay Public Library to host the community event and screenings of the PBS documentary, *American Creed*. It is admirable that Carmel is among 50 libraries nationwide that received program resources and speakers for this community event, supported by the National Endowment for the Humanities.

Libraries are wonderful centers of learning and they play an important role in the communities of our Indiana cities and towns. I wish you continued success in providing these remarkable experiences in Carmel.

Sincerely,

Mike Braun
United States Senator
