Comments from Employees:

*I would like for my child to attend ECEC, but I have not enrolled him yet because of my concern for transportation issues.

*I just wanted to say I think this is a GREAT idea. Would this be for employees that work until 4:30 too?

*I think this is a terrific idea.

*This would be such a huge answer to prayer. It has been very difficult trying to get children to school and picked up from school. We live out of district and so riding the bus has never been an option for us. Thank you so much for trying to help in this area!!

*This is a great idea. I pay nearly \$100 a week for daycare to drop my son off at school and pick him up. This will really help a lot of parents. I am glad our district is considering this option as a perk for employees.

*It is really good that someone has addressed this issue. If this works out, it will really help us since we don't know how we will get them to school and be on time ourselves. It will help in the afternoon also.

*Thank you so much for organizing this!

*This service might help me to decide if my son is going to this district or not. I know that this will

greatly help the teachers in our district! Thank you for thinking of us!

*Thanks for arranging this!

*I am so excited about this. It is a big concern for me. Thank you for addressing this need.

*Many thanks for exploring this need....

*THIS WOULD BE WONDERFULLY HELPFUL!

*I do not anticipate needing this service for the upcoming school year, but would have taken advantage of it for the past 3 years if it had been available. Thank you to TAC for addressing the issue!

*I think this is a great idea!

*I would really be interested in this.

*I would love a place for my child to go and get started on homework until I can get to the school.

*Was there any consideration about the teacher's children going to the sister schools? This to me would be an option as well. Then the child can ride the bus to the feeder school and transportation is not a problem.

*This would be absolutely wonderful if it works out!

*This would be a wonderful help for those of us that have to be at work so early. I think this is a great idea!
