Bobbi Newland - Chief Financial Officer:

- The 40th day student count numbers were certified and sent to PED on 1/3/24. The 40th day count came in at 10895.5 FTE. The FTE numbers are used to calculate our SEG funding. The 10,895.5 student count is below the 22/23 40 day student count of 11,033. If the decrease in FTE continues into the 80th and 120th day student counts that will result in a decrease in the district's SEG funding for next year.
